

## KIWANIS TOPS TICKET SALES FOR CONCERT

The Gettysburg Kiwanis Club is in the lead in the sale of tickets for the concert by the Pittsburgh Symphony Orchestra to be presented in the Gettysburg High School auditorium November 21 at 8:15 p.m.

All organizations reporting through Wednesday show a sales total of 489 tickets. An additional 80 sales have been promised by several of the reporting groups.

The Kiwanis lead is based on 85 sales. The local branch of the American Association of University Women is second with 73 sales and the New Oxford Lions third with 69.

Each organization retains the money from the tickets its members sell.

**19 Groups Participate**

Nineteen county organizations are participating in the sales of tickets, all proceeds of which are dedicated to community uses. The orchestra's appearance here is sponsored by the Manufacturers Light and Heat Co. which underwrites the expenses.

The other groups offering the tickets (which sell at \$3 for adults and \$1 for students) are: Annie Warner Hospital Auxiliary, Beta Sigma Phi-Epsilon Delta Chapter, Beta Sigma Phi-Alpha Chi Chapter, Business and Professional Girls Club, Gettysburg Junior Chamber of Commerce, Exchange Club, Fairfield Fire Co. Auxiliary, Biglerville Kitchenettes, Gettysburg Lions, Upper Adams Lions, Optimist Club, Rotary Club, Sororist Club, Woman's Club, Woman's League and National Council of Catholic Women.

## Knouse Foods Honors Godfrey

Arthur Godfrey, star of radio and TV, visited the Knouse Foods processing plant at Peach Glen Thursday afternoon, was welcomed by the directors and attended a buffet in the plant cafeteria. Later in the evening he flew to his home in Leesburg, Va.

Mr. Godfrey was presented with an honorary membership in the Knouse Foods co-operative.

Godfrey was greeted at the Gettysburg airport by M. E. Knouse, president of Knouse Foods; Nor Kotteral, representing the N. W. Ayres advertising agency, and Mrs. Kathy Fitz, Mr. Knouse's private secretary. Mr. Godfrey was accompanied by Miss Barbara Peabody, also of the N. W. Ayres agency.

The TV star was late arriving here. He took off from Teeterboro Airport at 3:02 but his big blue, white and orange DC3 encountered stiff headwinds which slowed its cruising speed. He landed here at 4:15 o'clock. He was accompanied by a co-pilot.

The well-known TV star was most cordial and jovial. When he entered the plant he immediately kissed the cheeks of several of the elderly women employees. He also shook hands with everyone at the buffet. The wives of the directors were also greeted by Godfrey.

Mr. Godfrey is in his second year as radio salesman for Knouse Foods over 200 stations. He telecasts at 10:30 a.m. every Wednesday.

## Mild-Mannered Repairman Boastfully Confesses That He Strangled Three Models

SANTA ANA, Calif. (AP) — "I would make them kneel down. With the gun on them, I would tie this five-foot piece of rope around their ankles. Then I would loop it up around their neck. Then I would stand there and keep pulling until they quit struggling."

Calmly, almost boastfully, a mild-mannered, big-eared television repairman thus confessed strangling three models and leaving their bodies in lonely southern California desert areas.

All of the victims were first raped, sheriff's officers said as they jailed Harvey M. Glatman, 30, Los Angeles, on suspicion of murder Thursday.

**Weapons In Car**

He said he used the same piece of sash cord and the same pistol in all assaults. The weapons were in his car when highway patrolmen found a fourth intended victim holding the gun on him after a desperate struggle in a car Monday night.

## President Will Be Here Tuesday

President Eisenhower today called off plans to spend this weekend at his farm here, but will come here Tuesday to vote.

James C. Hagerty, White House press secretary, said the switch resulted from a change in personal plans of the Eisenhower family. He said there was no indication of political activity beyond tonight.

The President will make his final campaign speech at 9 p.m. tonight over a nation-wide radio-television network from Baltimore. Mr. Eisenhower originally planned to travel to Baltimore by train and then motor to his Gettysburg farm after the speech. Instead, he will return to Washington by train.

## DEMOCRATS SEEK ADAMS COUNTY WIN

Democratic leaders, confident of a state victory November 4, called on party workers here to push for a victory in Adams County at a meeting Thursday night in the court house, committee members were urged by James M. Quigley, candidate for Congress in the 19th District, to "work to get every Democratic voter in Adams County to the polls."

Quigley also called on workers to get out "your Republican friends and neighbors that you know are inclined to vote all, or at least part, of the Democratic ticket."

Former Congressman Guy J. Swope, of Harrisburg, was the principal speaker. Fred G. Klunk, New Oxford county chairman, presided.

**Present Awards**

Klunk presented awards to four party workers who led in the recent voter registration campaign. Mrs. Marie Busbey, 113 Linden Ave., Hanover, Conewago Twp., 1st district, credited with securing 49 new Democratic registrations, received a check for \$100 from the county committee and a silver tray autographed by state candidates from the state committee.

Harry Wilhelm, Abbottstown R. 1, Berwick Twp., with 42 registrations, also received a tray from the state committee and a \$50 check from the county organization.

LeRoy Gebhart, 124 Maple Ave., Hanover, also Conewago Twp., 1st district, received a \$25 check from the committee and a pen and pencil set from the state committee. Mrs. Anna Laura Slaybaugh, New Oxford, whose 16 registrations placed her second among women workers, received

## Bike Insurance Office Is Moved

Philip R. Bickle today moved his insurance office from Baltimore St. to Lincoln Square.

Bickle, onetime editor of The Gettysburg Times and an insurance man in the community for many years, was located on the first block of Baltimore St. for almost 28 years.

Today his office was moved from 7 Baltimore St. to the building formerly occupied by Zerling's Hardware, on Lincoln Square, next to the First National Bank building.

## COUNCIL MEETS MONDAY

The Gettysburg borough council will meet Monday evening at 7:30 o'clock in the council chamber in the engine house.

## OCTOBER IS "NORMAL BUT" SHORT ON RAIN

"October's bright blue weather" brought exactly normal temperature to Gettysburg this month but left it more than an inch short of the normal amount of rainfall.

Gettysburg Times weather records show that the average temperature for this month was 53.9 degrees and that is the 53-year average daily temperature for October in Gettysburg. The average daily high was 64.58 and the average daily low was 43.29 degrees. The extremes were high readings of 82 degrees on October 10 and 16 and a low of 31 degrees on October 6.

This month became only the second this year with a shortage of rainfall. Only July and October failed to receive a surplus of rain and the 10-month accumulation of rainfall now stands at 39.51 inches. That is 4.53 inches above normal for the period.

**Only 8 Rainy Days**

Measurable amounts of rain fell on only eight days this month and amounted to a total of 2.18 inches. That is 1.11 inches below October's normal rainfall total.

This month is the first October in five years to go into the records as "dry." In the last four years, excesses of rainfall have been tabulated in this month. Last year in October the total was 4.53 inches, or more than double this month's total.

Freezing temperatures were recorded on only two days this month, October 6 and 7, but the first killing frost came on October 2 with a low reading of 35 degrees.

**Even Chance For Snow**

This month's temperatures continued the "near normal" fall weather that began in September. Last month's average temperature was within a half degree of normal.

With October gone, the chances are almost even that there will be snow next month. In the last 55 years, 25 Novembers have been measurable amounts of snow and some have gotten as much as 10 inches.

Only two Octobers since 1903 have seen snow cover the ground. They were the Octobers of 1940 and 1925.

## JUDGES MAKE AWARD CHANGE

A picture of a Halloween float appearing in The Gettysburg Times Thursday led to correction by the judges of an error in listing of the award winners.

According to the judges' sheet, the Hunterstown Explorers had won \$25 for second prize in junior floats and the Hunterstown Boy Scouts had won first prize of \$4 for decorated vehicles in Wednesday's parade here.

When the picture of the Hunterstown Boy Scouts float inadvertently appeared under the caption of the Hunterstown Explorer's entry, the judges were still of the opinion they were right—that was the float they intended should win the prize.

But the people of Hunterstown knew the caption was wrong. They called the committee in charge. The committee checked the judges. The judges described the floats they had awarded the prizes and then it was discovered that the wrong Scout units from Hunterstown had been credited with the floats.

As a result the judges and committee hurriedly revised their findings and as a result the decisions of the judges now reads: Second place in junior floats, \$25, to the Hunterstown Boy Scout troop with its "Indian Summer Float," first prize, \$4, in decorated vehicles, to the Hunterstown Explorer Post with its camping scene entry.

And the caption under the Indian summer float picture appearing in Thursday's edition of The Gettysburg Times should read "Hunterstown Boy Scout entry" instead of "Hunterstown Explorer Post entry."

## Special Mass Will Be Said For Pope

The Rt. Rev. George L. Leech, bishop of the Harrisburg Diocese, has instructed Catholic priests to say a Mass next Tuesday morning for the special intention of the new Pope, John XXIII. At St. Francis Xavier Catholic Church the 8 o'clock Mass will be for the new Pontiff, whose coronation will take place that day.

Bishop Leech has also directed that at every Mass during November special prayers will be said for the intentions of the Pope.

## MOUSE HUNT TO 750 YOUTH ON THURSDAY

Approximately 750 youngsters took part Thursday in the annual Youth Honor Day parties held by the Gettysburg Moose lodge for those who signed the annual "Youth Honor Day" pledges not to destroy, mutilate or deface property during the Halloween season.

The top awards in the contest held as part of the signing of the pledges went to Dean Fennel, Biglerville Elementary School student, and Joann Miller, a Franklin Twp. Consolidated School student.

Twenty prizes were given to the approximately 500 youngsters who jammed the ballroom in costume for the party held for the elementary school children. Recreation Director Chester Hilger was in charge of the event which included the showing of motion picture cartoons.

Awards presented in each of five divisions for costumes were \$2 first and \$1 each for second, third and fourth place. Those costume awards were: Prettiest, in order, first through fourth, Lou Ann Campanaro, Cindy Streett, Jane Toomey and Terrie Baltzley; most repulsive, Fred Wallen, John Spicer, Susan Sites, Susan Markley; funniest, Nelson Wansel, Robert Wagaman, Rebecca Moser and Tom Knox; most unusual, Hattie McNair, Tim Linn, Donna Snyder, Peggy Bolon; original, Leo Riley, Lisa Settle, Peggy Shultz and Bonnie Sheely.

Approximately 250 attended the teen-age dance held as part of the Youth Honor Day observance Thursday evening. Music was by Glendon Weeks orchestra. Twelve

## Show Film Sunday At Bethel Church

"The Unfinished Task," a feature length film on missions, will be shown at the Bethel Mennonite Church, Biglerville Rd., at 7:30 o'clock Sunday evening.

The film intensifies the spirit of missions and was acclaimed the "spiritual hit of the year." It tells the story of a wealthy engineer who is disappointed when his son decides to become a missionary instead of entering his father's firm. Eventually the father, through his son's work, begins to realize that every Christian has a job to do in helping to proclaim Christ to the unconverted millions."

Rev. Willis Breckbill, pastor, today invited the public to attend.

## DEER CAUSES \$600 MISHAP

A deer caused an auto accident in which damage totaled \$600, state police reported today.

The crash occurred at 8:45 o'clock Thursday night one mile south of York Springs on the Hanover Rd.

According to state police, Oscar R. Spertzel, 45, Mt. Holly Springs, was driving south when he saw a deer crossing the road ahead of him. He slowed and Luther S. Myers, 64, New Oxford R. 1, also driving south, behind Myers, also slowed his vehicle.

The deer crossed the highway, then turned about and started to recross the road and ran into the path of Spertzel's car. Spertzel's car wound up crosswise on the road and Myers' vehicle plunged into the side of the Spertzel's auto, causing \$350 damage to Myers' auto and \$250 to Spertzel's.

The deer was killed by the impact with the Spertzel's car.

## CHECK NEGRO WHO SAYS HE'S AFRICAN PRINCE

A young negro, who identified himself as Kawana Lapola Ademole, a Bangui, in the Province of Ubangi Shari, French Equatorial Africa, was here Thursday and toured the Gettysburg Battlefield and visited the National Museum and electric map.

He said that he is on a four-month tour of the U. S. as a guest of the State Department. He also said that he is studying at the University of Pittsburgh. However, an Associated Press check at both Pitt and Carnegie Tech today failed to disclose a registration for Ademole, who said here that he is a crown prince.

Prince Ademole attempted to call the office of the U. S. attorney from here and was referred by the operator to the office of District Attorney Daniel E. Teeter. Attorney Teeter asked the visitor to come to his office and said he could place the call from there.

On calling the office of U. S. Attorney Daniel Jenkins, at Scranton, Teeter learned that he was in court in Lewisburg. Reached there, Jenkins was told by Ademole that he experienced difficulty, getting service at a local restaurant. But, on reconsideration, he said that his complaint was hasty and that the restaurant was extremely busy at the time he was there.

DANCE CANCELLED

The regular Recreation dance scheduled for Saturday has been cancelled because of the Gettysburg Senior High School fall dance to be held at the high school that night, Recreation Director Chester Hilger has announced. The Recreation dances will resume Saturday night, November 8.

BAND WINS PRIZE

The Littlestown High School band was one of four school bands to be awarded a prize in the Halloween parade at Hanover Thursday evening.

## 2 GHS Bands To Perform Tonight

Both Gettysburg High School bands will appear this evening at the Gettysburg-Waynesboro High School football game here.

The Junior High band has been working on marching routines which it has presented at several daytime Junior High football games but few parents have been able to see the band perform. The group of 78 young musicians will take the field at 7:40 o'clock this evening for a pre-game performance.

The senior high school bands of both Gettysburg and Waynesboro will perform at half time as usual. Band Director Robert G. Zeigler said.

## VOTERS WILL DECIDE TAX LAW CHANGE

One of the issues which Adams County will join in deciding in the election next Tuesday concerns a constitutional amendment which would make possible giving forest land owners a concession in taxes.

Intended as a conservation measure, the amendment would open the way for encouragement of the private forest owner to permit trees to continue their growth to maturity. Under existing taxing procedures, the land owner is tempted to sell immature timber to get money to pay taxes on the land.

The amendment results from a recommendation of the Joint State Government Commission and would permit the Legislature to enact laws which would reduce or eliminate taxes on land on which timber is growing. The measure has the endorsement of the Pennsylvania Forestry Association.

"Farmers stand to benefit from this amendment," Maurice K. Goddard, state secretary of forests and waters, has said. He predicted that real estate tax losses to municipalities would be very small.

But, he pointed out, "Any measure which encourages people to grow trees and permit them to reach full maturity will also directly benefit the wood-consuming industries such as lumber, pulp-making and wood processing plants."

For Adams County, these are important considerations. The county has not only many acres of privately owned woodland, but also has, within its borders and nearby, industries which rely on a wood supply.

**Flood Protection**

Another important consideration, favoring the amendment, is the effect that encouragement of private forest growing will have on water supply and flood protection. Forest lands have been proven to be enormously beneficial for steady water runoff, thus not only insuring steady supplies of water for towns, cities

## ANNUAL DINNER HELD BY FIRST NATIONAL BANK

Growth of the First National Bank of Gettysburg during the last year and the need for "an ever greater investment in the social development of our community" were outlined Thursday evening to the stockholders of the bank and their families at the bank's 35th annual shareholders' dinner at the Hotel Gettysburg.

Bank President I. Z. Musselman outlined the growth of the bank. Rev. Francis E. Reinberger, professor of practical theology at the Gettysburg Lutheran Theological Seminary, urged an "increased life of helping our fellow man."

Tribute was paid during the dinner by the two principal speakers and by Rev. Reginald Deitz also of the seminary faculty, who gave the invocation, to the memory of Edmund W. Thomas, president of the bank for more than 30 years, who died during the last year.

**Deposits Up \$405,922**

President Musselman told the 270 present that: "In order to establish a basis for the measurement of growth we will compare the figures of your bank, as of the close of business on October 15, 1958, with those as of the close of business on the same date in 1957. During the 12-month period the total deposits of your bank increased \$405,922.51. The total amount of loans and discounts increased by \$226,092.94. The bond portfolio, that is, the total amount of bonds held by your bank for investment purposes, increased \$99,855.70. The total resources of your bank increased \$572,750.45."

"During this twelve months' period, new loans totaling \$3,306,792.93 were processed while loans totaling \$2,781,617.69 were paid off. The total amount of loans and discounts outstanding as of October 15, 1958, was \$3,960,792.43. These figures reveal that the loan portfolio of your bank enjoys a healthy turnover which creates a high degree of liquidity and this is an excellent feature in the operation of a loan department. This constant turnover in loans affords an opportunity for a greater number of borrowers to be served by the same money."

"Another important factor in the management of a banking institution is the percentage of deposits invested in loans. As of October 15, 1958, your bank had 48.4 per cent of its total deposits invested in loans as compared with 48.1 per cent in 1957. This included all types of deposits and

## Two York Hunters Pay \$42.50 In Fines

Two brothers from York, Charles E. Rudacille and Robert R. Rudacille, paid fines and costs totaling \$42.50 each before Justice of the Peace Roy E. Metz, Hamiltonban Twp., because they failed to observe "no trespassing" signs and refused to show a landowner their hunting licenses.

John D. Luntz, owner of the property on which the hunters were found, brought the trespass charge before the justice. Game Protector Paul Glenn brought the charges of refusing to show licenses.

Luntz told the justice that he had come upon the two men on his property and when he asked to see their licenses they refused to show them to him. He was able to obtain their car license number however and when their identity was learned in that way Deputy Sheriff Guy Seifert went to York and brought the two men before the Justice of the Peace for a hearing and sentence.

## Russia Orders Nobel Prize Winner To Leave Country

LONDON (AP)—Moscow Radio, in 10 languages, invited novelist-poet Boris Pasternak today to get out of the Soviet Union.

"Let him go where he wishes to," the broadcasts said of the writer, who turned down the 1958 Nobel Prize this week under heavy Soviet pressure. "No Soviet man or woman wants to breathe the air he breathes."

The broadcasts — in English, German, French, Portuguese, Swedish, Norwegian, Danish, Greek, Italian and Serbo-Croat — declared the author of "Doctor Zhivago" has "no place in Soviet society." They called Pasternak "a man who in spirit has long been a traitor to his country and who has now spat in its face . . . a poet of the decadent school . . . a pretender to aesthetic culture who wrote for a select few and had no contact with the people."

At about the same time, in Stockholm, a Soviet diplomat was issuing assurances that no harm would come to Pasternak and that he will still get royalties from abroad for his novel.

Nicolai Voinov, Soviet chargé d'affairs, told the Swedish Writers' Assn. that "no reprisals will be taken against Boris Pasternak."

Pasternak rejected the \$41,420 Nobel Prize for Literature Wednesday, six days after it was awarded him. He previously had thanked the Royal Swedish Academy for the prize. He obviously changed his mind because of the storm raised in the Soviet press.

If Voinov's statement is correct, Pasternak still would have an income despite his ouster from the Soviet Writers Union. While the book never was published in the Soviet Union, it has been a best seller abroad.

There was no way of telling what royalties from "Doctor Zhivago" amount to. Bonniers Co., Swedish publishers of the book, said all royalties up to now have been collected by Gian Giacomo Feltrinelli, the Italian publisher who first printed the book.

In Milan, Feltrinelli declined to comment. But the Milan magazine Eroeurope said that Feltrinelli has "tens of millions of lire"—tens of thousands of dollars—in royalties in Italy being held in Pasternak's name.

## J. L. CURRENS EXPIRES AT 75

Jesse L. Currens, 75, Brunswick, Md., died Thursday night at the Charles Town, W. Va., hospital following an illness.

all types of loans. The percentage of time deposits invested in mortgage loans was 40.7 per cent.

**Most Funds Are Working**  
"Turning to the government bond portfolio of your bank, which is considered the secondary reserve of a bank, the ratio of government bonds to demand deposits was 58.5 per cent. In 1957 it was 57.9 per cent. The cash in the till, which is a bank's commodity in trade, the mandatory cash reserve account with the Federal Reserve Bank, which is regulated by law and balances with city correspondent banks are considered a bank's primary reserve. Your bank's primary reserve as of October 15, 1958, was 19.1 per cent. The latter reveals that the greater percentage of the funds of your bank are being put to work.

"You will recall that, subsequent to the date of our last banquet, and by appropriate action of the shareholders at their annual meeting in January of this year, additional stock was authorized and sold. This program was completed in its entirety and as a result, the capital structure of your bank was increased by \$125,000: \$50,000 being added to the capital stock account and \$75,000 to surplus. By appropriate action of the Board of Directors in June of this year, another \$25,000 was added to surplus. Thus the current capital structure of your bank is as follows: Common Stock outstanding, \$300,000; Surplus, \$350,000.

**To Inaugurate Reports**  
"To keep you as shareholders better informed of your bank's progress, the management has initiated the policy of mailing financial statements periodically. "Although the report of your bank's activities over the past twelve months which I have just given you is quite brief, it does reveal the important fact that your bank continues to enjoy a steady growth which is a healthy situation."

In paying tribute to the late Mr. Thomas, President Musselman told the stockholders: "He built your bank solidly, conservatively, as a bank for the community and as a bank with a heart. Those ideals are still the ideals of your bank, and I want to thank all of the employees and the stockholders for their continued interest and support of the bank."

Mr. Thomas, Mr. Musselman said, "worked unselfishly and untruly in the interests of your bank and these annual stockholders' dinners were started by him and serve as a tribute to him."

**Confidence And Approval**  
Rev. Mr. Reinberger commended the group "for the contribution the First National Bank is making, and you are making through your ownership of it, for the betterment of our community."

"This bank, one of the most important businesses in our community and our county, is yours. You are the owners of it because at one time or another you made an investment in its stock. Why did you make that investment? What do you wish to do with this ownership? In purchasing stock in this bank you of course wanted a return on your investment. But in making that investment, you were expressing a confidence in the future and an approval of the past. You were approving the manner in which this bank has operated, you were expressing confidence in its ability to meet its social responsibility in the future."

"In our free enterprise system it is not perhaps so well known that social responsibility goes with all investment. That is the meaning of the story the Master Teacher told of the three men who were given talents and the condemnation of the one who buried his talent. It was not the money that was involved but the social responsibility, the help that could be given one's fellow man by investment of that money, which caused the one who had buried his money to be condemned."

**Responsibility To Present**  
"Perhaps the best expression of that social responsibility which we all have was written by Dickens as a statement by Marley's Ghost in 'The Christmas Carol.' Marley stated: 'Business? Man-kind was my business, the common welfare was my business. Charity, forbearance, benevolence was my business. The dealings of trade were but a drop in the ocean of my business.'"

"Our social responsibility lies in the present. Now is the important time because now is all we have. Today is the time of positive certainty. We can never reclaim yesterday. We cannot bring into our grasp tomorrow. We have only now. Planning for tomorrow is important, but the result of that planning depends on how we use our living present moment."

"And I think it is well that we have only the present moment — officiating. Interment in the Beallsville, Md., cemetery. Friends may call at the funeral home in Bendersville Sunday evening from 7 to 9 o'clock."

her to disrobe and submit to him in his automobile. He didn't bury her, because he walked her "almost a mile into the desert and I didn't think anyone would find her there."

**Repeated Assaults**  
Last July 23 he called on Miss Ruth Rita Mercado, 24, through a modeling advertisement. He spent the night in the apartment, assaulting her repeatedly at gunpoint, then forced her to walk to his car.

"I didn't want to kill her," Glatman told officers. "She was the one I really liked. So I told her we were going out to a deserted spot where we wouldn't be bothered while I took more pictures. We drove out to the Escondido district. I tried and tried to figure out how to keep from killing her. But I couldn't come up with any answer, so I got out the rope and did it the same way I did the others. I piled some brush and debris on her body and left her there."

**Planned Fourth Victim**  
Officers said his fourth intended victim was Miss Lorraine Vigil, 28, Los Angeles, whom he dated Monday night, ostensibly for picture-taking in, he told her, his "studio." Instead, he sped about 35 miles south on the Santa Ana Freeway and parked. He produced a pistol, tied her hands and tried to assault her. They struggled. The pistol went off and the bullet grazed the inside of Miss Vigil's right leg. But she grabbed the weapon and was holding Glatman at bay when patrolmen happened by.

## Mrs. Lewis Bushey Passes Away At 90

Mrs. Jennie B. Bushey, 89, wife of the late Lewis Bushey, died at 8 o'clock Thursday night at the home of her daughter, Mrs. Margaret Fissel, Gettysburg R. 3. She had been in ill health for about ten days.

now — in our grasp. I suppose all have attempted to juggle a number of oranges and have had the inevitable result. We can handle one thing at a time. If we had the present, the past and the future all at our command at one time, I think we would be in the position of trying to juggle too many things at one time. We have all that we can handle with this present moment.

## Toward Greater Community

"We find a lot of people, and social groups are included, who try to escape into the past or into the future. We see a problem in our midst and we say this is not the time to do this. But the present becomes the past and if we do not as a group meet our problems today, we will find that we have stood still.

"We have a fine community here and a lovely group of people to call our neighbors. Each of us has his troubles and cares, but some of us are more privileged than others. We have many talented people, in ability, in wealth and in many ways. I trust in God's love that we will go forth and make our investment in our beloved community to make it an ever greater community for all."

## 370 Hardened Criminals Freed By Gov. Leader in 39 Months

150 Killers Included On Lists

By JOSEPH H. MILLER  
Prison doors were thrown open for 370 vicious, hardened criminals — including 150 merciless killers — during the first 39 months of the administration of Gov. George M. Leader, a survey of records of the State Board of Pardons disclosed yesterday.

In addition to giving freedom to the 150 killers, Leader, acting on the recommendations of the Pardon Board, also released 220 helping thugs, burglars and sex fiends.

### 'Soft Justice' Still Unexplained by Pardon Board

The Inquirer, in an editorial on March 11, called 19 cases in which the Pennsylvania Board of Pardons, during the past year, commuted the "life sentences" of convicted murderers.

It was a shocking record from our point of view. The Pardon Board, in defending its conduct, now reveals that the total number of "life sentences" commuted during that year was 32. In other words, there were 13 more cases than those of which we had record.

It holds that each pardon case must be argued on its individual merits. But it cites no facts to show why such a startling exit march of killers was allowed to occur. It offers no effective answer to the clemency given Michael

## FIFTEEN YEARS AGO

**Girl Critical; Miracle Drug Cured Toxin:** Miss Edith Miller, 17 year old daughter of Mr. and Mrs. Charles Miller, Biglerville R. D., first person treated with the miracle drug penicillin at the Warner Hospital, remains in a critical condition today due to a heart complication caused by a violent blood stream infection.

Use of penicillin was prescribed by the patient's attending physician, Dr. Raymond M. Hale, of Ardenstville, and arrangements to secure a supply was made by Doctor Hale through Dr. J. L. Boyer, of Ardenstville, who is taking post-graduate work at the University of Pennsylvania.

The blood stream infection is under control Doctor Hale said and the critical condition of the young woman is caused by the heart complication.

Progress of the case, which has attracted considerable interest throughout the county, it being the first instance of its use here since its discovery recently, is being followed by frequent blood cultures made by the laboratory at the hospital.

The miracle drug is not available for general use by civilian physicians due to difficulties in production, the needs of the armed forces, and the rigid control that is necessary with any new form of therapy.

**Waits Hour For Pint Of Whiskey:** The line-up at the state liquor store in the square prior to 12:30 o'clock this afternoon was 22 deep.

But the men and women who hoped to have first choice on the store opened found they need not have waited — there was plenty for all.

The situation does not obtain every day, clerks at the store said, and some days, when the number of bottles of a particular brand are limited, numbers are given to the customers and the first number drawn gets first choice and so on until the supply is exhausted.

First man in the line today arrived at 11:30 o'clock this morning and stood in line for an hour to secure a pint of whiskey.

**Announce Engagement Of Miss Margaret Ellen Trew:** Mr. and Mrs. J. Wilkins Trew, Springs avenue, Saturday announced the engagement of their daughter, Miss Margaret Ellen Trew, to A-S Thomas L. Cline, U.S.N.R., son of Dr. and Mrs. Thomas L. Cline, Carlisle street.

Miss Trew who is a graduate of Gettysburg high school attended Hannah More Academy, Baltimore, and Mount Vernon Junior College, Washington.

A-S Cline is a graduate of Gettysburg high school and attended Gettysburg College. He enlisted in the Navy July 1st and is now stationed at Muhlenberg college, Allentown.

**Dr. Anson Hamm, Elected Head Of County PSEA:** Dr. Anson M. Hamm, supervising principal of the Fairfield schools, was elected president of the Adams county branch of the Pennsylvania State Education Association Friday morning at the annual business meeting held in connection with the county teachers institute at the Majestic theater.

Lloyd L. Staveland, Littlestown, was elected vice president; Margaret Benner, Mt. Joy township, treasurer, and Carolyn A. Rex, Biglerville secretary.

**Sgt. McClellan Is Awarded Silver Star On Sicily:** Sergeant Glenn W. McClellan, 27-year-old son of Mr. and Mrs. Clain C. McClellan, Virginia Mills, and a veteran of the Tunisian campaign, has been awarded the Silver Star for "gallantry in action" during fighting in Sicily.

The official citation states that the medal was awarded for fighting in the vicinity of Troina, Sicily, August 5 with the Seventh Army under General George S. Patton Jr.

The citation states that "when a vicious counter attack endangered his company's position

## Today's Talk

**LEARN TO BE PATIENT**  
One of the great lessons in life to be learned is that of patience. Many learn it, but too late. We miss so much by not being willing to wait one's time. We often lose patience, get angry and then upend the entire machinery of this fine body of ours, for it is sensitive to the least disturbance—and there is nothing so damaging as anger.

On the other hand, how wonderfully does this intricate body of ours respond to kindness and understanding. When our patience is tested, and we stand our ground, bitterness cannot get in its work. As you depend upon patience, if you will relax your mind, you will be surprised how soon any anxiety will leave your mind, and how surprised you will be with the sunshine yours again!

All great enterprises are achieved through patience. Big things take time to mature. The masterful mind bides its time. Few things need to be hurried. We would add years of happiness to our lives if we would take time, relax and be patient. Many years ago I read of a young man who went to Paris to study voice. He chose a teacher who was famous. The young man began soon to be impatient, after many years of study. Then, after one more year his teacher said: "Now you may go, for you are the greatest singer in the world!"

How can we know that an important event is just ahead of us? We can only speculate as to what tomorrow may bring forth. We have today. It is in our lap and nestles there like a baby in its mother's arms. A mother needs much patience before her baby has known any more than how to smile, in illness and trouble we must also be patient. If we are we need not worry over anything.

## RUNNING FOR OFFICE

Running for office,  
This is the game,  
Handling out cards  
With your face and your name,  
Making bum speeches,  
Spending your pelf,  
Wearing your lungs out,  
Boosting yourself.

Shouting your virtues  
To one and to all,  
Citing your fitness  
For what may befall,  
Telling the voters  
Lined up at the bar  
Just what a splendid  
Good fellow you are.

Running for office  
And losing your rest,  
Sawing the air  
And beating your breast,  
Pounding the table  
And yelling like thunder,  
Trying to make 'em  
Believe you're a wonder.

OLD CARNEGIE  
TECH TEAM TO  
HOLD REUNION

**PITTSBURGH (AP)—**"They had good common sense and guts. They were hustlers then and they're still hustlers."

With a touch of pride in his voice, Mel Cratsley described the 1938 Carnegie Tech Sugar Bowl football team of which he was a member.

This was a golden era team—the last before Tech deemphasized football.

Saturday the members of that team will hold a reunion at Tech's homecoming game with little Geneva.

The surroundings won't look familiar. The fans in the stands of spacious Pitt Stadium probably won't total as many persons as once were needed to usher at the big time Tech game.

**Lost Bowl Game**  
The '38 team won seven games and lost only to Notre Dame in regular season play, then was defeated by TCU in the Sugar Bowl.

But even more eye-catching is the fact that of the 44 squad members that year, 42 were recruited to play football and received free tuition, books and room and board.

All but six of the 42 received degrees mainly in engineering and science and their average salary today is better than \$15,000 a year. Almost all of them are engineers or executives.

Referring to the players both during their college days and their climb to success, Cratsley now athletic director at Tech, said:

"They weren't afraid of hard work and had an ability to bounce back. That's what made them so successful."

"I think any school can have a good football team and still maintain good academic standards provided it insures getting the right kind of boys interested in obtaining an education."

**PARILLI WILL LEADPACKERS**  
**BALTIMORE (AP)—**"I think the difference between winning and losing will be who has the real hot quarterback" and advance man for the Green Bay Packers says of Sunday's game against the Baltimore Colts.

Tom Miller, publicist for the Packers, brought word they are feeling secure with improvement of Babe Parilli as another quarterback to go along with Bart Starr.

"We hope Parilli has found himself," said Miller after noteworthy performances the past two weeks.

**Gave Colts Fits**  
Parilli averaged 33 yards in completing nine passes late in the game against the Washington Redskins and hit on 14 of 26 in Green Bay's victory last Sunday over Philadelphia.

Starr is the control type of thrower while Parilli is the one ball stylist. Last year, Parilli beat the Colts in the last minute with a 75-yard scoring pass.

Starr gave the Colts a fit in their first meeting this season by completing 26 of 46 passes, the best single game performance so far. The Packers ran up a 17-0 lead before the Colts came on to win 24-17.

**TOPPAZZINI TIES RICHARD**  
**By THE ASSOCIATED PRESS**  
Jerry Toppazzini, 27-year old veteran Boston wingman, has served notice he doesn't intend to let the Montreal Canadiens carry off all the laurels in the National Hockey League.

Toppazzini, Boston's star in last season's Stanley Cup playoffs, scored one of the Bruins' goals Thursday night as they defeated Chicago 5-2 and tied Montreal's Maurice (Rocket) Richard for league goal scoring honors. Each has seven.

The result gave Boston undisputed possession of second place. The Detroit Red Wings defeated New York 4-1 in the other game and moved into the third spot as the Rangers dropped to fourth.

Toppazzini's goal was one of three the Bruins scored within a span of 91 seconds in the first period as the Black Hawks dropped their sixth straight game.

Gordie Howe, five times the league's No. 1 point getter, snapped a six-game goal drought as the Wings turned back the Rangers.

BASSEY WILL  
FIGHT TONIGHT

**NEW YORK (AP)—**In these days of boxing drought, New York is happy to see a world champion in a ring, even if his title isn't at stake. That is why there is unusual interest in tonight's appearance of Hogan (Kid) Bassey, the featherweight king.

Bassey, 26, of Nigeria, won the title by knocking out Cherif Hamia in Paris. It will be his fourth United States fight but his first in New York.

The non-title 10-round match with Carmelo Costa of Brooklyn will be carried by NBC radio and TV, starting at 10 p.m. Two judges and a referee will score it by rounds, using a supplementary point system in case of even rounds.

Costa, only 24, used to be a high ranked contender in the 120-pound class. Of four starts this year, he has won three.

As Costa primarily is a boxer—he has knocked out only three in 45 fights—he isn't expected to give Bassey too much trouble. The champ is a heavy favorite.

## Blood Transfusion Is Fatal To Donor

**COPENHAGEN (AP)—**Arne Krogh died Thursday with an inch-long stiletto in his heart. It had entered his body when he gave a blood transfusion that saved a hospital patient's life.

A month after the transfusion the 31-year-old truck driver slumped dead over his steering wheel.

The chief surgeon at the hospital said the stiletto, used inside a small tube to penetrate the vein for the transfusion, apparently slipped into the bloodstream and eventually reached the heart.

adjoined the case to Dec. 5. The annulment was granted last July 10 and the state prosecutor appealed. Until the court rules, the 1950 Mexican proxy marriage will remain on record.

Miss Bergman has announced intention of marrying Swedish publisher Lars Schmidt when and if the annulment becomes final.

Littlestown  
CLUBWOMEN  
AT LUNCHEON

The following represented the Junior Woman's Club of Littlestown at the fall luncheon meeting of the Adams County Federation of Women's Clubs held on Wednesday at Hotel Gettysburg: Mrs. Robert R. Reinaman, club president; Mrs. Richard A. Little Jr., who offered the invocation prior to lunch; Mrs. Bernard G. Kebel, County Federation finance chairman, who read the 1959 budget; and Mrs. Herbert J. Sell.

Members of the Junior Club are reminded that reservations to go on the club shopping trip by bus to Baltimore on Saturday, November 23, must be made on or before the next regular night, Wednesday, November 12, with Mrs. Wilbur M. Sentz, chairman of the cheer committee, in charge of arrangements. The bus will leave town for Baltimore at 8 a.m. from the high school building, and return about 6 p.m.

The club members are requested to return the money from the sale of tickets for the October fashion show to their standing committee chairman as soon as possible.

Those from the Woman's Community Club of Littlestown and vicinity who attended the fall luncheon of the County Federation in Gettysburg on Wednesday were: Mrs. Robert J. Eckenrode, club president; Mrs. Altee F. Hebert, Mrs. Marvin F. Breighner, Mrs. Joseph R. Riden, Mrs. Luther W. Ritter, Mrs. Monroe J. Staveland, Mrs. Harry T. Harner, Mrs. J. Ray Reindollar and Mrs. Robert H. Miller.

The annual fall banquet of the Community Club will be held on Wednesday, November 12, at 6:30 p.m. in the social hall of Redeemer's United Church of Christ. Arrangements and reservations are in charge of the club education committee, Mrs. Luther Ritter, chairman.

Troop 45 Scouts  
Have Spook Party

The Girl Scouts of Intermediate Troop 45 attended a Halloween party Wednesday after school at the home of Martha Ritter, daughter of Mr. and Mrs. Luther W. Ritter, Glenwyn Drive.

During the grand march, costumes were judged by troop aides Jackie Morelock and Carolyn Cramer, and prizes were awarded to Peggy Myers, the most gruesome, as an old woman; Sally Bankert, the most original, as Aunt Jemima; a tie for the prettiest between Linda Keefer, as Martha Washington, and Judy Knight, in an evening gown; and a tie for the hardest to guess, between Beverly Morehead, as a dog, and Jean Hornberger, as a skeleton.

Each patrol prepared a game and Linda Hess won the game staged by Patrol One; Judy Knight the game by Patrol Two, and Beverly Morehead, the game by Patrol Three. Mrs. John Kump, leader, announced that the first Girl Scout dance of the season will be held in the social room of the Eagles Home on Monday, November 24. Mrs. Kump also distributed Girl Scout calendars and Christmas gift flyers for Girl Scouts.

Young Men's Class  
To Purchase Sign

The first fall meeting of the Young Men's Class of Redeemer's United Church of Christ was held on Wednesday evening at the church with Robert H. Miller, president, presiding. The class decided to purchase a lighted sign as identification for Redeemer's paragon on Maple Ave. William Warner and Edward B. Gelman will serve as a committee in charge of making the purchase. Other future purchases were discussed by the group. Reports were heard from Altee F. Robert, secretary, and John W. Hankey, treasurer.

The class made plans to participate in the congregational Christmas bazaar on Friday and Saturday, December 5 and 6. Holiday wreaths will be made and sold for the bazaar, as well as candy. A hundred pounds of candy have been ordered by the class and orders may be placed with any member. The 1959-60 candy committee includes Robert W. Hall, Norman J. Hahn and Paul Hull.

It was decided to hold the nomination and election of officers following the church worship service on a date to be announced. The session concluded with the Lord's Prayer.

Refreshments were served by Glenn S. Kauffman, Fred A. Miller and Paul Hull. The hosts for the next meeting of the class on Wednesday, November 24, will be Robert H. Miller, C. Moss Morehead, Jr. and Jack E. Robert.

## PARTY FOR BROWNIES

Brownie Troop No. 56 held a Halloween party for the parents of troop members on Monday evening from 7 to 8 p.m. at the engine house. A poem was read by Mary Spalding and an original play by Tina Reigle and Karen Kershner was presented with them as narrators and the members participating. There were group songs and games. Mrs. Leonard Kershner, Lumber St., announced that a meeting of the troop committee members will be held Tuesday, 7:30 p.m. at her home, instead of Thursday as previously announced.

## VOTERS WILL

(Continued From Page 1)  
and industries, but also minimizing flood damage that would result from rapid runoff of rain and snow waters, amendment backers point out.

Forestation is also important as a means of control of soil erosion. Encouragement of timber growing by tax concessions should encourage the planting of woodlots on otherwise valueless lands, it is claimed.

Growing of trees to maturity is a slow process, requiring as much as 100 years to produce a crop from seedlings. During much of this growing time, the owner can realize little if any financial return from his investment. Most of the benefits accrue to the community in general with proceeds from the sale of timber going to a future generation.

**May Open Door**  
Opposition to the amendment is that it may open the way to unequal taxation for other types of property. However, the amendment is specific in that it authorizes the exception to be made only for private forest reserves. Others are opposing the amendment because they claim a postponement of tax collection of forest lands until the timber is harvested is intended and they state that such loss of tax revenue would mean additional taxes from other sources. A more complicated taxing program would result and would be objectionable, it is asserted.

The question appeared on the ballot in 1945 and was defeated then. But, Secretary Goddard said, this defeat was principally because there was a general lack of knowledge of the intent and effect of the amendment.

The amendment was passed by the Legislature in 1955 and in 1957. It now must be approved by the voters. As it appears on the ballot, the question reads: "Shall Section One of Article Nine of the Constitution of Pennsylvania be amended to exempt private forest reserves from the requirement that all taxes be uniform upon the same class of subjects, and to permit the General Assembly, by general laws, to set up standards and qualifications for private forest reserves and make special provision for the taxation thereof?"

Chambersburg Junior High, with one of the finest junior high school football squads ever produced in the area, clinched the South Penn League championship by outclassing Gettysburg 45-0 at Chambersburg Thursday evening.

The Gladiators wound up a perfect undefeated and unscored-upon season, being 6-0 overall for the campaign and 5-0 in the league.

Chambersburg quickly put the game on ice in the first quarter with three touchdowns. Carlton Bigler ran 31 yards for the first score, and added his second TD from the eight. Jack Mull scampers 33 yards for the other tally. Mull got his second touchdown early in the second period on a one-yard plunge and Jack Hollenshead ran 30 yards for another tally as the Gladiators led 33-0 at half time.

Hollenshead turned in the longest scoring run of the evening when he took the second half kickoff and streaked 80 yards. Later in the period Walters tallied on a 34-yard play.

The Braves never got beyond the Chambersburg 45.

Ray Ellis' team wound up the season with a 1-4 record.

## Sees No Big Loot For Contractor

SAN FRANCISCO (AP) — Horace Stoneham, president of the San Francisco Giants, said Thursday night that so far as he knew the contractor "isn't going to make a lot of money" out of the city's new stadium.

Stoneham was a witness before the grand jury which is investigating the transactions leading to the start of construction of the 15 million dollar park at Candlestick Point. Concrete for the city-owned stadium was poured Tuesday.

Grand jury foreman Henry North, who demanded the probe, "has said there was 'something wrong with the deal.' He said that in his opinion contractor Charles Harney 'is going to make an awful lot of money.'"

## BOWLER BAGS QUAIL

EUREKA, Calif. (AP) — It is not unusual for a skilled bowler to get a turkey — three strikes in a row — but this man got a quail, a real one.

Douglas Stockly sent his bowling ball spinning down the alley Thursday night and knocked down eight pins, leaving two pins and a quail still standing.

Two other bowlers ran down the alley and captured the slightly rumpled, but otherwise unhurt bird. They will give it to a nearby quail ranch. Nobody knows how the bird got mixed up with bowling pins at the new alley.

## Waynesboro High Faces Warriors Here Tonight

With Tommy Crist, fleet half-back, and Bob Furney, full-back, sidelined by injuries, the Gettysburg High Warriors undoubtedly will find the going a bit rough when they meet Waynesboro here in a South Penn Conference game. The kickoff is scheduled for 8 o'clock.

Crist is practically certain to miss the game while Furney's status is uncertain. In other games tonight at 8, West York plays at Biglerville and Cumberland Valley is at Delone. Both look like toss-ups. Littlestown appears a winner against victory-less Northern at Dillsburg Saturday at 2.

## GIANTS' HUFF GETS TOUGH ASSIGNMENT

By ED WILKS  
Associated Press Sports Writer  
NEW YORK (AP) — Think you've got things tough? Look at Sam Huff. All he has to do is stop Jimmy Brown.

Coach Jim Lee Howell of the New York Giants put the finger on his middle linebacker today to put the blocks to Brown — who happens to be on the way to a National Football League rushing record—when they play the Cleveland Browns Sunday at Cleveland.

The Giants, second in the Eastern Conference with a 3-2 record, have to get this one to keep the first place Browns (5-0) within reach. And to do that, they have to stop Brown.

**Brown A Terror**  
Young Jimmy, outstanding as a rookie last year, is a terror as a sophomore. He's powered to 815 yards in the five games, averaging 6.9 a crack — smashing for virtually six of every 10 yards the Browns have made on the ground. He's scored 14 touchdowns and hasn't been held to less than 12 yards in one game.

And with rookie Bob Mitchell sweeping the ends for Cleveland to keep the other two linebackers alert, Huff was Howell's pick "to dog Brown all the way."

Huff, at 23 in his third NFL season since leaving West Virginia, took it as part of the game. "Brown's a terrific ballplayer," he said in a soft drawl, "but he's just like anybody else. If you hit him hard enough, he'll go down. And we've got a pretty good defensive team, you know."

That, the Giants have. They've yielded only 483 yards rushing in their five games limiting the opposition to 2.8 yards a try.

## BROWN HOLDS STRONG LEAD

PINEHURST, N. C. (AP) — Defending champion J. W. Brown of Sea Girt, N. J., held a five-stroke lead going into today's final round of the 54-hole Southern Seniors Golf Tournament.

Brown, who won the North and South Seniors tourney here last week, held a one-stroke edge after the first 18-hole round Wednesday, firing a 71. Leon Sikes of Palm Beach, Fla. had a 72. Both played poorer golf Thursday, but Brown's 75 left him on top with 146 and Sikes skied to 79, holding second place with 151.

Strung out behind the leaders: R. E. Duke, Raleigh, 74-78-152; Thomas Robbins, Pinehurst, 77-75-152; R. B. Bell, Worthington, Ohio, 74-79-153; R. S. Foley, Stoneville, N. C., 78-75-153; R. F. Zammie, Gastonia, N. C., 73-82-155; A. H. Reed, Cleveland Heights, Ohio, 75-80-155; Dr. G. H. Kistler, Chattanooga, Tenn., 79-76-155; W. E. Norvell, Chattanooga, Tenn., 78-77-155.

## SPIRITS HIGH ON LSU CAMPUS

BATON ROUGE, La. (AP) — Just about everything except football was forgotten today as first-ranked Louisiana State made last-minute preparations for its Saturday night spectacular with sixth-ranked Mississippi.

Baton Rouge residents, always among the most rabid fans, said they had never seen anything like the spirit on the LSU campus.

Even Coach Paul Dietzel has found it impossible to control the students. They interrupted practice earlier in the week with an impromptu pep rally on the field. Gov. Earl Long proclaimed Saturday "Louisiana State University First in the Nation Day" in honor of Dietzel's unbeaten team. But the governor refused to predict which one of the perfect record teams will win. "I just hope LSU wins," he said.

The game, which will draw an anticipated overflow crowd of 65,000-plus, is a natural from all standpoints. Scalpers reportedly are getting \$15 for a \$4 ticket.

ADVERTISE IN THE TIMES

## GHS RESERVES DOWN TROJANS IN FINAL 19-7

Gettysburg High's junior varsity football team waited until its final game of the season to crash into the win column, defeating Chambersburg here Thursday afternoon 19-7.

The Warriors were a vastly improved team over their previous performances, giving an outstanding defensive exhibition in an all-out team effort. Bob Garrett and Bob Dean were named as the team's co-captains.

Gettysburg scored immediately after receiving, the opening kickoff, Ronnie Mickey racing 30 yards for the score.

Chambersburg came right back to take the lead. The Trojans returned the kickoff to their 43 and drove for three straight first downs to the Warriors' 20. Several plays later Dennis Shatzer tallied from the 7 and Newton Stoner ran across for the point.

**Drive 62 Yards**  
Late in the first period the Warriors opened a drive from their own 38 following the kickoff which produced a score early in the second quarter. Dean and Mickey led the attack to the visitors' 23. Dean made another first down on the Chambersburg 11 at the opening of the second period and Mickey finally went over from the 3. Bob Garrett put the Warriors in front 13-7 with a placement boot.

Ira Plank, Gettysburg guard, recovered a Chambersburg fumble on the visitors' 6-yard line to set the stage for the final score a few minutes later. Jack Bucher raced around end for the score from that point.

Midway in the second quarter Bill Kint recovered another Trojan fumble but the Warriors couldn't advance. Don Waddell intercepted a pass by Chambersburg as the half ended.

Chambersburg made a bid for a score late in the third period when they reached the Gettysburg 12 but the locals proved their mettle by taking over on the 14. Twice in the last period Gettysburg showed its defensive power. The Trojans reached the Gettysburg 16 early but were stopped there. Immediately thereafter Chambersburg recovered a Gettysburg fumble on the Warriors' 19 but again was stopped short of a first down.

Bill Williams' outfit recorded a 1-3-1 for the season.

## REDLEGS SIGN ANOTHER SCOUT

CINCINNATI (AP) — The Cincinnati Redlegs today added Del Wilber, former catcher for the t. Louis Cardinals, Philadelphia Phillies and Boston Red Sox, to their scouting staff. He managed Louisville of the American Assn. last season.

Redleg Farm Director Phil Seghi said Wilber would serve as area supervisor in the North-Central states with most of his work being centered in Wisconsin, Minnesota, Iowa, Missouri and the Dakotas.

Wilber, who now lives in Kirkwood, Mo., broke into the majors with the Cardinals in 1946 and finished with the Red Sox in 1954. He formerly managed Houston of the Texas League, served as a coach with the Chicago White Sox in 1955 and 1956 and was a scout for Baltimore in 1957.

## Health-Improved Bullets Play At Lafayette In Key MAC Game Saturday

Gettysburg College's football squad left by bus this afternoon at 2 o'clock for Allentown where it will stay overnight before proceeding to Easton Saturday for its crucial Middle Atlantic Conference game with powerful Lafayette. Saturday's game will start at 1:30.

The unbeaten Bullets will have plenty of support in Fisher Stadium which has a seating capacity of 17,000. Hundreds of college students are making the trip by bus. Today Henry T. Bream, athletic director, received a second allotment of student tickets after the first shipment was quickly gobbled up. The college band will also make the trip.

**Lead Division**  
Lafayette is currently leading the University Division of the Mid Atlantic Conference with a perfect 4-0 record. The Bullets are 2-0-1 and must win over the Leopards to stay in the running. Under their new coach, James McConlogue, the Leopards have been a big surprise this year after a 4-4 season last year, including a 46-20 walling at the hands of the Bullets. After dropping their opening game to Dartmouth 20-0, the Leopards won over Muhlenberg 27-14, Delaware 7-6, Temple 35-0 and Bucknell 34-6. Those scores make Lafayette the favorite over the Bullets.

Coach McConlogue has a solid team including 15 veterans from last year. They are: Ends Tom Fisher, 175; Joel Gustafson, 185; Dan Wooten, 200; tackles, Don Dilley, 200; Gordon Gibson, 200; guards, Leon Adessa, 185; Fitz Muench, 195; Gary Schulz, 200; center, Steve Bartlett, 195; quarterbacks, Merle Bainbridge, 180; Wayne Ciprini, 165; halfbacks, George Bendere, 165; Don Westmass, 180; fullback, Don Nikles, 195, and Dick Fritz, 175. Nikles has been the sparkplug for the Leopards so far during the campaign.

The Bullets came out of their game with Muhlenberg in good condition and are now in the best physical condition they have been for several weeks.

**Prevost Returns**  
Jules Prevost, 198, guard, who has been out of action for some time because of an injury, will be ready for part-time duty. George Greiner, halfback, is also ready for full-time action while Mike Pacilio, tackle, who was not in uniform last Saturday, is ready for duty.

Most of the other lads have shaken off minor bruises with the result that Coach Gene Haas will have more manpower available than he has had for several weeks.

Saturday's game marks the 18th in the series which was begun in 1894. Lafayette holds a 12-5 lead.

## Other Key Games

Two other University Division games are scheduled Saturday afternoon, the most important being

## WINS 5 RACES

**CELTICS LOSE REGULAR**  
BOSTON (AP) — The Boston Celtics, opening their National Basketball Assn. home season against the Detroit Pistons at Boston Garden Sunday night, appear to have lost regular Lou Tsioropoulos for a week or 10 days.

Tsioropoulos fell heavily on his back during a recent practice. Plagued by a chronic back ailment, he was ordered to Massachusetts Osteopathic Hospital. "It looks as if he has a misplaced spinal disc," Dr. Edward Sullivan said.

CHICAGO (AP) — Jockey Howard Craig booted home five winners in eight races at Sportsman's Park Thursday.

One of the winners by the 29-year-old Royal Oak, Mich., rider was Little Pumpkin at \$59.80 in the fifth race. He also had Kenny Kat in the second at \$7. Dart at \$7.60 in the third, Deb Chaser at \$25.60 in the sixth and Black Widow at \$8.40 in the ninth.

## RUNAWAY BY YANKS HURT ATTENDANCE

CHICAGO (AP) — The New York Yankees' runaway race in the American League was reflected today by a sharp drop in official attendance figures for the 1958 season which attracted slightly more than seven million fans.

The total was the second lowest in 13 years. In 1953, attendance was 6,964,076 and in the war year of 1945 it was 5,580,420.

American League headquarters reported a 1958 total attendance of 7,296,034. That was 909,184, or 11 per cent lower than the 8,196,218 attendance in 1957.

**6 Clubs Dropped**  
As early as May, the Yankees were 10 games in front of the AL pack.

Six clubs reported a decrease from 1957. Minor gains were shown by the other two clubs.

The 1958 attendance compares with the all-time league record of 11,150,099 set in 1948.

## Chisox Drop Biggest

The Chicago White Sox showed the biggest single loss among the clubs—338,217. The Sox, who finished in second place, drew a total of 795,451 in 77 games in Comiskey Park. In 1957, when they also finished second to the Yankees, they drew 1,135,668.

Baltimore's drop in attendance from 1957 was nearly 200,000. The 829,991 fans at 128 games in 1958 compared with 1,029,518 last year a decrease of 199,500.

The 1,098,924 who went to 77 games in Briggs Stadium in Detroit compared with 1,272,346 last year, a drop of 173,422.

Cleveland, which 10 years ago set a league attendance record of 2,620,627, drew 663,805 fans, a decrease of 58,451 from the 1957 turnout to 722,256.

## Gains In 2 Cities

Even the mighty Yankees, who had the league's biggest season attendance mark with 1,428,438, showed a loss of 68,696 in patronage at the stadium.

In Boston, the 1,077,047 faithful who went to 77 games in Fenway Park were 104,040 fewer than the 1,181,087 last year.

The small gains were made in Kansas City and Washington. The Athletics drew 925,090, a gain of 24,023 over 1957.

The Senators, with the lowest total in the league, had a gain of 18,209 over 1957 with 475,228.

The league reported attendance was 3,543,513 in 241 night games, an average of 14,703. In 225 night games last year, the total was 3,889,023, an average of 17,285.

## REPORT BOOST IN ATTENDANCE

CINCINNATI (AP) — Four National League clubs had declines in attendance during the past season but the loop as a whole still drew the second greatest number of paying customers in history in 1958.

Official figures released by National League headquarters today showed the total attendance was 10,164,596 compared with 8,819,601 in 1957 and the all-time high of 10,388,470 in 1947.

The bulk of the attendance gain was registered by the Los Angeles Dodgers and the San Francisco Giants. The Dodgers, drew 1,845,556 fans. The Giants drew 1,272,625.

Pittsburgh and Chicago showed sharp attendance gains while Cincinnati, Milwaukee, Philadelphia and St. Louis had the losses in paying customers.

The league champion Milwaukee Braves had the high attendance for the year, with 1,971,101 but that was 244,303 less than the 2,215,404 they drew in 1957.

## Report Yanks And Senators In Trade

CLEVELAND (AP) — Cleveland General Manager Frank Lane said today he hopes the New York Yankees and Washington Senators complete a trade rumored Thursday night.

According to a story in the New York Daily News, the world champions of baseball have offered pitcher Johnny Kucks and Tom Sturdivant plus infielder Bobby Richardson for Washington pitcher Pedro Ramos, a right-hander who won 14 and lost 18 for the last place Senators in 1958.

The Tribe general manager believes he would have a better chance of obtaining Richardson from the Senators than the Yanks. Cleveland is in need of a second baseman and sought Richardson last winter.

Lane admitted he also had been interested in Ramos.

## FRICK READY TO HEAD FOR VENEZUELA

NEW YORK (AP) — A man placed a neat red box on Ford Frick's desk. Inside were two baseballs, properly autographed by the 1958 World Series teams. Each rested on a shiny silver dollar, nestled in a plush lining. "These are for the president of Venezuela," said Frick who leaves today on a good neighbor trip to Caracas. The rest of the cast, including six ball players, will follow next week.

The commissioner of baseball is just getting back into the groove after an attack of appendicitis that forced him to miss the World Series. He lost 10 pounds during his illness.

## 1st He's Missed

"I hope to keep it off, too," said Frick who is finishing his first year of his second seven-year term.

Because of his appendectomy, Frick was home in Bronxville, N. Y., watching on television while the series was being played. It was the first he missed as a commissioner and the first time in many years as a former newspaper man and league president that he had not been on the series scene.

## List Of Players

"I'm going down (to Caracas) by boat — for the rest — and the others are going to fly down next week," said Frick. "They already are playing winter ball down there. I will make some talks and help them on the organization. The players and others will work with the kids on the sandlots and in the playgrounds."

Rechie Ashburn of Philadelphia, the National League batting champ, Elston Howard of New York, Pete Runnels of Boston, Dick Groat and Bob Friend of Pittsburgh and Gus Triandos of Baltimore are the players. Frankie Frisch, the old Fordham flash and former manager, Cal Hubbard, umpire supervisor of the American League, and Buck Canel, a sportscaster, are the others.

## CHAMBERLAIN SCORES AS PRO

By SKIPPER PATRICK  
Associated Press Sports Writer

KANSAS CITY (AP) — Fantastic basketball player Wilt (The Stilt) Chamberlain says the experience he's getting as a Harlem Globetrotter is preparing him for the challenge he'll meet as a Philadelphia Warrior next season.

The 7-foot Chamberlain, twice an All-America at the University of Kansas, quit school as a junior to turn pro for Abe Saperstein's Globetrotters. He made his first appearance as a pro in this area Thursday night and scored 30 points as the Globetrotters defeated the Hawaii 50th Staters 69-59.

"I missed the college enthusiasm and the many friends I made at Kansas," Wilt said, "but I'm happy in pro ball. I'm picking up a lot of the tricks of the trade and I hope it will help me when I play NBA against such a guy as Bill Russell next year."

Chamberlain said the pros play it tough and "I knew I had to learn a lot more about the game before I got into the big league." Wilt was drafted by the Warriors in his senior year at Philadelphia's Overbrook High School for delivery in 1959.

Since leaving Kansas just before completing his junior year final examination Wilt has maintained a scoring average of about 30 points for the Globetrotters' European tour and 12 games in this country.

In a public opinion poll in Sweden, about 30 per cent of those questioned said the United States is the country they would most like to visit.

An awards ceremony and induction of new Cubs into Pack 84 took place in connection with the annual Halloween party Wednesday evening in the POS of A Hall, E. King St.

The Webelos Badge, the highest award in Cubbing, was earned by James Bittle, son of Mr. and Mrs. Theron J. Bittle, S. Queen St. The Webelos Badge was presented by Beaven F. Hanlon, a member of the pack committee.

Five Cubs were graduated into Boy Scouting. They are Wayne Barnhart, Jack Crouse Jr., Allen Ernst, Philip Study and James Bittle. New boys received into the pack are Carl Gentzler, Eugene R. Adams, Craig Zumbum, Dennis Musselman and Walter Gary Maitland. Graduation certificates and three-year pins were presented to the former, and Bobcat pins were presented to the latter.

**Other Awards**  
Other awards presented by Cubmaster Stewart N. Long, following the candlelighting ceremony, included Wolf badges to Donald C. Feeser Jr., Allen B. Hartlaub, Ray E. Muller, John A. Mayers, Robert Sneeringer and Terry Wolfe; Wolf gold arrows, Donald C. Feeser Jr., Kenneth N. Mayers, Ray E. Muller, Clyde H. Rohrbach II and Robert Sneeringer; Wolf silver arrows to Gerard T. Altoff, Kenneth N. Hartsock and Clyde H. Rohrbach II.

Bear badges to John B. Hanlon and Steven Renner; Bear gold arrows, James G. Bigelow, Timothy C. Bigelow and Steven Renner; Bear silver arrows, Robert J. Altoff, two and Jon E. Prato; Lion badge, James Bittle; Two new den mothers, Mrs. Ralph R. Ruggles and Mrs. Samuel J. Snyder, were welcomed.

Prior to the awards ceremony, there was a grand march to select a costume prize winner. Beaven Hanlon was pianist for the march. Stanley C. Rogers, Black Walnut District Scout executive, Mrs. Rogers and assistant Scoutmaster John R. Rudisill Jr. were judges. Prizes went to Steven Renner, the prettiest, as a ballet dancer; Douglas Ruggles, the most original, as a dog from outer space, and Timothy and James Bigelow, as clothes pins holding up a clothes line. Robert Sneeringer, the ugliest, as an old man; Bryce Crammer, the funniest, as a hobo.

**Peanut Scramble**  
Senior Patrol Leader Robert Hahn opened the awards ceremony with the flag salute. Scout Executive Rogers spoke briefly, asking the parents present to join their children in the hall, and then to give a rousing cheer as a vote of thanks to the Cubmaster, the den mothers and the pack committee. He stated that Littlestown has the largest pack and the one with the most advancements in the district and can be rated as one of the best packs in the United States.

Den mothers present were Mrs. Kenneth Hartsock, Mrs. Maurice E. Bream, Mrs. Francis Prato, Mrs. Richard B. Hartlaub, Mrs. E. Paul Bigelow, Mrs. Leis H. Fox and Mrs. Beaven F. Hanlon, in addition to the new den mothers. It was suggested that parents subscribe to the official

## JAYCEES TO MEET

The first November dinner meeting of the Littlestown Junior Chamber of Commerce will be held on Monday at 6:30 p.m. at Schottie's Hotel. The Jaycees will sponsor a Halloween party for the children of the community this evening from 7 to 9 o'clock in St. Aloysius Hall. Children of pre-school age through grade eight are invited to attend.

## GAME SATURDAY

The Laurel League championship football team of the Littlestown High School will travel to Dillsburg for a game with Northern Jointure on Saturday afternoon.

magazine, Boy's Life, and subscriptions may be given during the current campaign to Cubmaster Long.

A peanut scramble was held for the Cubs, in three age groups, eight year olds, nine year olds, and ten year olds and candy bars were given to all of the Cubs present. Ice cream and orange drink were provided by the pack. Assistant Scoutmaster Rudisill welcomed the graduates who will go into Boy Scout Troop 84 and announced that the next meeting of the troop will be held on Wednesday at 7:30 p.m. at the fire engine house, instead of the place previously announced.

The new Homeowner's Policy combines all the coverages a homeowner needs into one policy. Not only the standard fire and extended coverage, but also various additional coverages, such as collapses of roofs from weight of ice or snow, damage from falling trees, and bursting of plumbing, which are not covered under the standard fire and extended coverage policy. These additional coverages may be added to a standard policy even though a Homeowner's Policy is not bought.

The Homeowner's Policy also covers for Residence and Outside Theft, and for Comprehensive Personal Liability, for which separate policies had to be bought in the past. They may still be bought separately by those who do not want the full package policy, but there is a savings of about 20% (more in some companies) if the entire Homeowner's Policy is purchased.

One Company represented by this Agency will also add Mortgage Redemption Life Insurance to the Homeowner's Policy in cases where there is a mortgage and the breadwinner wants to make sure the mortgage will be paid in the event of his untimely death. This type of Life Insurance may also be purchased separately.

## Ladies' Aid Holds Halloween Party

Twenty-three members were present at the October meeting of the Ladies' Aid Society of St. John's Lutheran Church held on Wednesday evening at the church, when a Halloween party was featured. Prizes for costumes went to Mrs. William C. Karns, the most original; Mrs. Preston Clouser, the prettiest; Mrs. Noah Strevig, the ugliest; Mrs. Ralph Wantz, hardest to guess. The costume judges were Mrs. George W. Strevig and Mrs. Joseph Selby.

Mrs. Raymond Reinaman and Mrs. Clouser were in charge of the program, which included group singing, accompanied by Mrs. Noah Strevig; responsive reading, led by Mrs. Clouser; sentence prayers opened by Mrs. Reinaman and closed by Mrs. Clouser; readings by the members; quiz conducted by Mrs. Clouser; Lord's Prayer in unison.

The business session was presided over by the president, Mrs. Lloyd Spangler. One new member was welcomed into the Aid, Mrs. Paul E. King. Mrs. Grace Harget, secretary, gave her report. The birthdays of Mrs. Paul H. Bowers, Mrs. Joseph Selby, Mrs. Lloyd Spangler, Mrs. Lillie Shryock, Mrs. Raymond Reinaman, Mrs. Dallas W. Shriver, Mrs. Ralph Wantz and Mrs. Oliver Erb were noted. Plans were made to serve the annual father and son banquet to the men of the church on Monday, November 10. It was decided to purchase new coffee urns for the church kitchen. The following committees were appointed to serve for the next meeting, on a date to be announced: Program, Mrs. Lloyd Spangler and Mrs. Kenneth W. Miller; hostesses, Mrs. William Karns, Mrs. Fred W. King and Mrs. Kenneth Miller. During the social hour, refreshments were served by Mrs. George Strevig, Mrs. Paul Bowers, Mrs. Joseph Selby and Mrs. Donald Reaver.

# A STORY FOR ALL PENNSYLVANIANS...

## THIS IS A STORY ABOUT A CITY...AND A MAN.

But it is a story that has a meaning to every citizen in our state. The city is Pittsburgh... In 1945 it was dying. This is the story of how Pittsburgh changed. And about the man who changed it. The man's name is David L. Lawrence... In 1945 he was elected mayor of Pittsburgh. The proof of how well he did his job of helping Pittsburgh to rebuild, of how much the people of Pittsburgh think of him, is shown by this fact: They re-elected him three times... Each time they re-elected him by a bigger margin.

Now that's what he's done in Pittsburgh... Think about what a man like that can do for us all over the state as our governor. A man who believes in and knows how to get people of all kinds to work together... A man who just won't stand for politics as usual... A man who gets things done... A man who cares about people and their needs. David L. Lawrence knows we have problems in Pennsylvania. But he believes we have a great future... He believes by working together we can solve our problems. His record proves what he can do... His record shows how he works... How all sides, all kinds of people, can work with him. The Pittsburgh story began when David L. Lawrence was elected mayor in 1945... The Pennsylvania story will begin when David L. Lawrence is elected governor in 1958.

You can find out about the kind of job David L. Lawrence did for Pittsburgh by reading what some national magazines have written about it, and about him:

### Readers Digest said:

"A former sooty eyesore, cursed by travelers and despised by local residents... (Pittsburgh) is excitedly rebuilding itself in a park-like setting. It is showing the world, for if Pittsburgh can rebuild, any other artery-hardened city can do it, too. Already 39 American cities and a half a dozen other countries have dispatched delegations to Pittsburgh to find inspiration and practical means for reclaiming their own dying communities..."

### POST said:

"... The Pittsburgh Renaissance... in the last decade or so has brought the town's notorious smoke under control, cleared out slums, rearranged the city's downtown section, built parks, bridges and an airport and achieved other civic improvements..."

That's what is being said about David L. Lawrence all over America...

### Harper's magazine said:

"... (Lawrence) is also one of the nation's most successful municipal administrators, the principal governmental expeditor of his city's \$1,500,000,000 redevelopment program... in the ten years of his administration, a once grimy and obsolete industrial district has undergone a redevelopment program which has set the national pattern for municipal renovation..."

### FORTUNE magazine:

"... surveyed the 23 largest cities of the country and selected Pittsburgh as one of the 8 best run cities of the nation! ... reviewed the administrations of the mayors of the major cities and selected David L. Lawrence as one of the 9 top mayors of the country!"

... In his home state, and in his home town, the newspapers, even newspapers which did not support the Democratic party, have praised him:

### The Pittsburgh Press

"Pennsylvania urgently needs the kind of program Dave Lawrence helped to fashion for Pittsburgh. It needs a Governor who—as Mr. Lawrence did in Pittsburgh—takes the leadership in marshalling all groups to the service of the people."

### LANCASTER Intelligencer Journal.

"Dave Lawrence comes just about as close as anyone could wish to the ideal governor of Pennsylvania for the next four years."

### HARRISBURG Patriot-News

"He has shown a great awareness and sense of urgency on help for distressed areas, education and mental health—causes for which we long have waged battle. We like, too, his stands on a new constitution, conflict of interests and lobbying regulations, more civil service. There is no guesswork when it comes to Mayor Lawrence. The Commonwealth's best interests will be served if he is elected on November 4th."

### Pittsburgh Post-Gazette

"We urge the citizens of Pennsylvania to cap a distinguished career in public service by electing Mayor Lawrence governor. Not within our memory has a candidate been better suited to the job."

### Sun-Telegraph

"We believe that the mayor's ability to work with businessmen and industrialists will go far toward improving the economic atmosphere in Pennsylvania... He will be able to work with the House and Senate for the passage of progressive, sound legislation that will make our state a better place in which to live and work."

### Newsweek

"Every businessman knows that Lawrence worked closely with industrial and financial leaders of Pittsburgh to refurbish the once-drab city. Everyone knows that the Pittsburgh slum-clearance, smoke-abatement, and face-lifting program ranks with the finest in the nation."

## New Pope Is One Of Twelve Children Of Sharecropper

Editor's Note — In the first of three vivid word pictures of Pope John XXIII, the AP's veteran chief Vatican correspondent, Frank Brutto, tells some of the similarities and differences between the new pontiff and his predecessor Pope Pius XII, and the steps by which John XXIII reached the pontifical throne.

By FRANK BRUTTO  
VATICAN CITY (AP) — Thousands in the Vatican square roared approval when Pope John XXIII stepped to the balcony of St. Peter's Basilica to give his first blessing to the city of Rome and the world.

In the narrow streets of Sotto il Monte — which means Under the Mountain — children danced and shouted:

"Long life to Roncalli. Long live the Pope."

Parents Were Poor  
For it was in this little Italian Alpine town of 1,800 people that the 262nd pontiff of the Roman Catholic Church was born Angelo

Giuseppe Roncalli nearly 77 years ago. He was the child of a poor farmer — about as different as could be from the noble Roman family that gave birth to his predecessor, Eugenio Pacelli, the late Pope Pius XII.

The Pacellis were patricians, the Roncallis humble countryfolk. Their now most famous son has sometimes been called a countryman. It is a quality that has endeared him to many.

Jovial Fellow  
The quasi-joviality common to his native Bergamo province more than anything else immediately marks the difference between Pope John and his predecessor, the aristocratic Roman who for 19 years guided the church through an extremely difficult war and postwar period.

Few men looked less alike: Pius, slender, frail, ascetic; John, a 210-pounder with a robustness belying his years, a heritage of his peasant background.

Many Similarities  
But there are many similarities: dedication to the church

from early life, intimate experience with Vatican administration years in the church's diplomatic service, association with foreign government heads as a papal ambassador, a deep awareness of communism's threat to Catholicism, staunch defenders of morality, devotion to study, research and scholarship.

The new Pope was one of twelve children, his father a sharecropper.

"Servant Of God"  
In 1933, when he became patriarch of Venice, he told his parishioners: "I was born of poor parents. Providence took me from my native hamlet and led me to travel the roads of the world, from east to west, putting me in contact with the most serious social and political problems."

"Now . . . my long experience has led me to Venice. . . . Don't look at your patriarch as a politician and diplomat, but look at him as the servant of God."

Ordained In 1904  
Providence may have taken a hand in the career of the prelate, but his own good talents had long been observed.

Young Angelo was only 11 when he entered the diocesan seminary at Bergamo. Twelve years later, on Aug. 10, 1904, he was ordained a priest in Rome.

The qualifications of the young priest had already been noted by his bishop, Msgr. Radini-Tedeschini. Young Roncalli became the prelate's personal secretary in 1905. He held the post until the bishop died in 1914, gaining an early knowledge of the administrative structure of the church.

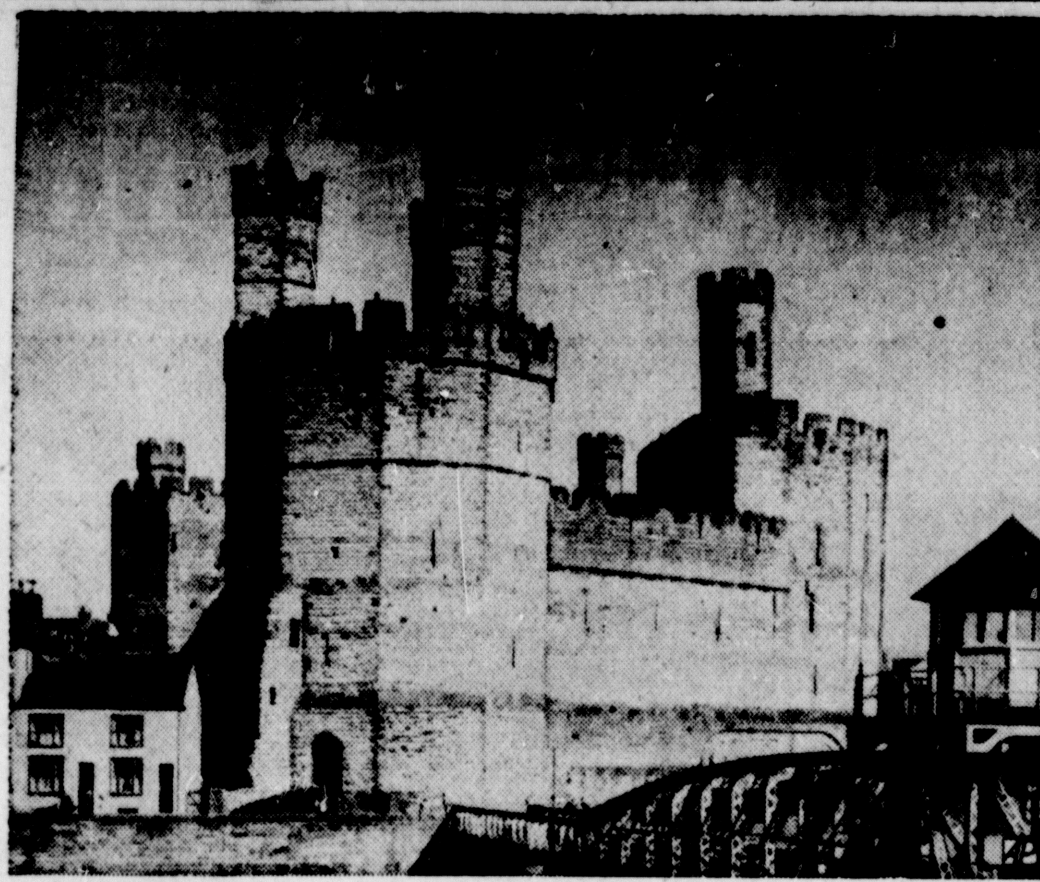

In World War I, Roncalli entered service as a sergeant. When it ended, he was an army chaplain.

Called To Rome  
In 1921 Pope Benedict XV summoned him to Rome for the important assignment of reorganizing the Congregation for Propagation of the Faith, which directs the church's missions.

A year later, when Pius XI had succeeded Benedict, the new pontiff took an immediate interest in Roncalli's work. During the next four years he sent him on many missions to foreign centers. He was consecrated a bishop in 1925 and entered the Vatican's diplomatic service.

His first assignment was an apostolic visitor to Bulgaria. He remained there until 1934 and was then transferred to Turkey as vicar.

Assigned To Paris  
Msgr. Roncalli remained in the Balkans until the early years of World War II, then was named apostolic nuncio to liberated Paris. On New Year's Day, 1945, he

## BEGIN TRIAL SUSPENSION OF TEST BLASTS

By JOHN M. HIGHTOWER  
WASHINGTON (AP) — For the first time since it opened the atomic age 13 years ago, the

presented his credentials to Gen. Charles de Gaulle, then head of the French provisional government.

Msgr. Roncalli remained in France eight years, until Pius XII made him a cardinal and ordered him to Venice. That ended a diplomatic career that had taken him to every country in Europe and to many in the Middle East from Egypt to Turkey. During that period he had mastered Turkish, Greek, Bulgarian and French and become acquainted with Russian.

Tomorrow: How the new Pope views the world.

United States began today a trial suspension of nuclear weapons test explosions.

The suspension may continue for a year, with possible indefinite renewal or it may last only a few days or even hours. That depends on what the Soviet Union does.

The U.S. halt coincided with the opening today of a U.S.-British-Soviet conference in Geneva to seek agreement on a permanent test ban policed by an international inspection system.

Rejected By Reds  
The Soviet government rejected a U.S.-British proposal that all three of the world's nuclear powers agree on a one-year suspension beginning today.

The Soviets contended they have the right to go on testing until they have matched bomb for bomb the number of explosions fired by the United States and Britain during the summer and fall.

The United States replied that in spite of the Soviet rejection, this government is going ahead with its suspension because the

decisive element in calling it off is not what Moscow says but what Moscow does.

Up To Soviets  
If the Soviet government goes on with the test series which it began at the end of September, officials said, the United States will consider that its suspension is no longer in effect and will resume testing itself. Secretary of State Dulles and Chairman John A. McCone of the Atomic Energy Commission had announced this policy earlier in the week. Authorities here understood that Britain was following the same kind of policy.

Lincoln White, State Department press officer, accused the Soviet government of inconsistencies in its present attitude toward suspending tests.

Want Permanent Halt  
The Soviets charged the United States and Britain with trying to obtain a one-sided military advantage by offering a test suspension upon conclusion of their own experimental explosions. Yet, White said in a statement, the Soviet government "describes as ab-

### 'Big Country' Coming Soon At Majestic

"The Big Country," opening next Wednesday at the Majestic theater here, is, like its title, a "big" picture. In fact it is one of the most lavishly produced outdoor films ever to come out of Hollywood. It will run through Saturday, November 8.

Gregory Peck, Jean Simmons, Carroll Baker, Charlton Heston are starred and Burl Ives and Charles Bickford are co-starred in "The Big Country," and the supporting cast of featured players is headed by Alfonso Bedoya and Chuck Connors in this Anthony-Worldwide Production.

The exciting story of the opening up of the old West, told in terms of a young and handsome Baltimorean who runs afoul of vicious entrenched ranch interests when he makes the westward trek, "The Big Country," filmed in Technicolor and Technirama, was adapted from the Saturday Evening Post serial by Donald Hamil-

son. The idea that the Western powers have any superiority in the field of nuclear research.

The statement also recalled that in September 1957 the Soviet Union proposed a ban on nuclear tests for two or three years from last June 1. But now, the State Department said, the Soviet government says it is interested only in halting tests "for all time."

Officials said the Soviets show signs of backing away from a test ban agreement while using all sorts of arguments—however contradictory — to try to cover up their maneuver.

"The Big Country" marks the occasion of the debut as a producer of Gregory Peck. He co-produced the picture—which was filmed on various location sites—with the noted director, William Wyler.

The main location site, selected after an exhaustive combing of available areas, is the Drais Ranch, near Stockton, California, more than 3,000 rolling acres of grazing land with as-far-as-can-see vistas of heat-yellowed wild oats and grass. Abandoned, except for an overseer, the Drais Ranch had in abundance the two desired qualities: size and—since it had never before been used as a film background—a fresh and unfamiliar beauty.

These same qualities were found, after weeks of searching, in an isolated portion of the Mojave Desert, where additional key sequences of "The Big Country" were filmed.

### Playboy Magazine Using Mails Again

WASHINGTON (AP) — Subscribers to Playboy magazine apparently will get their November issue by mail after all.

The Post Office Department announced Wednesday it had halted mailing privileges for the magazine pending a legal check of its contents.

But the magazine's publishers obtained a temporary injunction against the postal ban, effective for five days. The U.S. Court of Appeals refused to set aside the District Court order.

The publishers said the magazine has not changed since the Post Office Department granted it a permanent second-class mailing permit last June, after examining its contents.

### Many Firsts Claimed By Royale Dairy

Royale Dairy Hanover, founded more than 30 years ago, is not only the oldest dairy serving Gettysburg and many other Adams County communities, but it can make out a mighty good case as

the "leading" dairy serving this area. The Royale Dairy under the supervision of its owner, Mrs. E. M. Depuy, developed many "firsts" in the dairy business here. Pasteurization was not generally practiced by dairies 30 years ago when Mrs. Depuy decided that Royale Dairy milk would be pasteurized.

The introduction of white uniforms for deliverymen while other dairies were sending roumen around to customers dressed in regular workclothes was another first.

The blue and white of the workmen's uniforms was adopted as the color combination for the dairy's delivery trucks and now 14 trucks bearing those colors deliver Royale Dairy ice cream and dairy products over a wide radius.

14 Ice Cream Flavors  
Introduction of most modern

dairy equipment and the early introduction of new dairy products in addition to regular milk, such as cheese, chocolate milk, butter, homogenized milk and homogenized milk with Vitamin D.

Since 1925 Royale Dairy has been making ice cream along with its other dairy products and now has a collection of recipes for 14 different flavors that are made each year—some are staples the year around while others are pushed seasonally.

The biggest volume of business continues to be in the sale of milk and Royale Dairy offers it in a number of different packages—homogenized, homogenized with Vitamin D added, regular and non-fat milk. Then there are buttermilk, chocolate milk, coffee cream, whipping cream, cottage cheese and smarkase.

Three Generations  
Continuing the original determination to market only a premium product, Royale Dairy now employs the services of three generations of the founding family.

At the head is the founder, Mrs. E. M. Depuy, who is the owner of the business and continues its ac-

tive management.

A son, Eugene Swartz, is the manager of distribution while a son-in-law, Richard Bankert, is the manager of the bottling plant. A daughter, Mrs. Ruth Bankert, is the office manager and three grandsons are on the payroll, one as route supervisor and two others as employees in the bottling department.

Asserting that much of her success in business in the last three decades has been her determination never to let a sales opportunity slip by, Mrs. Depuy has combined with that conviction that the best way to sell is to have a better product or better service—or both.

### STRIKE MAY GROUND TWA

KANSAS CITY (AP)—The men who maintain and service Trans World Airlines planes prepared to strike tonight and TWA says it will suspend operations if they do.

The airline, one of the nation's Big Four, said it would furlough its 19,000 employees if the 6,700 members of the International Assn. of Machinists strike.

A similar strike grounded Capital Airlines planes for the 16th day today.

TWA and District 142 of the IAM have been negotiating since their contract expired Oct. 1, 1957. Their dispute has been heard by federal mediators and a presi-

dential emergency board. The union rejected recommendations by both.

### Adam Walsh To Quit At Bowdoin

BRUNSWICK, Maine (AP) — Adam Walsh, of the Notre Dame Four Horsemen of 1924, is retiring after serving since 1935 as football coach at Bowdoin College. Though he has served in the Maine Legislature in recent years

and unsuccessfully sought a Democratic nomination to Congress last June, Walsh declined comment on personal plans. His resignation is effective Jan. 1. He was a third-string All-American at Notre Dame in the Knute Rockne era. In 1945 he led the Cleveland Rams (later the Los Angeles Rams) to their first National Football League title.

## THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Exodus	4	12-15
Monday	Isaiah	6	1-7
Tuesday	Jeremiah	1	4-10

No, he doesn't predict the future. From antiquity the prophets have been those who speak for God. In every generation they have explained His promises . . . pointed out His warnings.

Some men believed the prophets, and saw God's promises fulfilled. Others were skeptical—until their own bitter experience vindicated God's warnings.

No wonder many thought the prophets were reading the future. To every *thus saith the Lord* a later historian had to add and it came to pass.

In a pulpit not far from your home there will stand next Sunday an earnest, thoughtful, consecrated man. He is a prophet! He can't predict whether you'll come to hear him. But he's preparing right now to speak for God—TO YOU.

It is the One who calls the prophets who knows . . . whether you'll come . . . whether you'll believe . . . and all the future holds in store for you.

### THE GALILEAN MINISTRY

Mark 1:14-22

Key Verse: The time is fulfilled, and the kingdom of God is at hand; repent, and believe in the gospel. Mark 1:15.

The gospel Jesus came to proclaim is a way of life which brought action. At the very beginning of Jesus' ministry two events occurred that gave a sense of urgency to His whole mission. John the Baptist was imprisoned by Herod and it seemed that the best thing for Jesus to do was to go northward through Samaria into Galilee.

On this trip Jesus visited His home town of Nazareth and attended the synagogue there (Luke 4:16-30). The people were "filled with wrath" when Jesus declared that He came as the fulfillment of the kingdom of God. To His townsfolk He was a plain carpenter. They were so incensed they took Him to the top of a hill "that they might throw him headlong." Coming as these events did at the beginning of His ministry, He could have been driven into hiding. But opposition was characteristic of His ministry and He met it calmly and courageously.

#### "Believe in Gospel"

When Jesus came into Galilee preaching and teaching, He said, "The time is fulfilled, and the kingdom of God is at hand; repent, and believe in the gospel." The gospel is the good news of love and salvation for all those who are ready and responsive to Jesus' call.

There was an urgency about the first century Christians which we do not possess. They were eager to tell the good news and carry it into all the cities, towns, and across mountain and sea. Our activity today seems to be of a different kind; it lacks meaning and purpose. We do more listening and attending than actual "doing." Thus the early church understood that the gospel must claim the whole individual.

This action was noticeable in the disciples who gladly left their homes and jobs to follow Jesus. There was no compromise of time or talents; they must give all. The call of Simon and Andrew, James and John from their nets along the Sea of Galilee shows how discipleship begins—in immediate decision to give yourself in personal loyalty to Christ. "Follow me" is the call that comes today as well as two thousand years ago.

Jesus did not delay. He went into Capernaum at the northern tip of the Sea of Galilee and into its synagogue where he "taught them as one who had authority, and not as the scribes." The new gospel had a freshness and Jesus' creative teaching a strength and power which drew men.

Early in His Galilean ministry, then, the steps necessary for discipleship were clearly indicated. The first is a personal dedication to Christ—a willing obedience to give all we possess in love, charity, and devotion. The second was the growing relationship with Christ, a necessity for discipleship. The third is a witnessing to Christ. The disciples were called one by one and they, in turn, called others. And so it was that soon the kingdom of God was crossing national and racial barriers, being proclaimed so that all may believe and become disciples.

## York Springs

The Crusaders' Class met Thursday evening following the Bible study and prayer service. Larry LaRue presided. During the business session, these officers were elected: President, Mrs. Cindy Asper; vice president, Mrs. Jerry LaRue; secretary, Mrs. Larry LaRue; and treasurer, Mrs. Lovina Hoff. Mrs. Robert Rhoads, is chairman of the program committee. Refreshments were served by Mrs. Hazel Washington and Mrs. Lovina Hoff.

The WCTU entered a float in the parade in York Springs Saturday night. They used their three flags as the background for their scenes, the Christian flag representing the church; the U.S. flag, representing the nation with the ballot box and people voting, and the WCTU flag, representing the home.

Mr. and Mrs. Paul Junkins and son, Dillsburg R. D., left Sunday night for Mississippi. Mr. Junkins had received word during the day that his brother was injured in an automobile accident there.

Mr. and Mrs. Clinton Smith and Mr. and Mrs. Kime, of Frederick, Md., visited Mrs. Annie Smith on Sunday. Clinton Smith was a cousin of the late John Smith.

## Ike Makes Final Bid Tonight For Republican Congress In Baltimore Speech On Radio, TV

By THE ASSOCIATED PRESS

President Eisenhower makes a final bid tonight for a Republican Congress. The opposition says he owes thanks to the Democratic-controlled Congress for any administration accomplishments.

Eisenhower, who has campaigned with new vigor in this year's battle for Congress, chose Baltimore for his windup vote-Republican appeal to the nation via radio and television.

The President has struck some heavy blows at the Democrats in speeches all the way to the West Coast. But he was expected to lay emphasis tonight on what he contends are his administration's achievements in the foreign and domestic fields.

**Johnson's Views**  
Senate Democratic Leader Lyndon Johnson of Texas said Eisenhower has received more cooperation from Democrats in Congress than from Republicans in the House and Senate.

Speaking to a party rally in Indianapolis, Johnson said the President ought to remember "that the accomplishments he now holds forth as his own are the works of a Democratic Congress."

In this connection, Johnson mentioned antirecession measures and steps to counter Soviet scientific advances. The Texan said Democratic votes saved Eisenhower's foreign policy programs in Congress.

**"Scare Words"**  
The Senate Democratic leader also dismissed as scare words the charges by Republican campaign-

ers, including Eisenhower, that the Democrats harbor political radicalism.

In the same vein, Democratic National Chairman Paul Butler accused Eisenhower of using radicalism and socialism as scare words against the Democrats.

Noting that Eisenhower's Baltimore speech tonight falls on Halloween, Butler said in a statement that Eisenhower should "throw away the halloween speech you ghosts have written" and discuss the issues.

### Nixon Moves West

Vice President Nixon forged deeper into the West today, still sounding an optimistic note on Republican prospects next Tuesday.

Nixon was headed for Billings, Mont., and Everett, Wash., before going on to Alaska to back GOP candidates in that new state. Alaska will vote Nov. 25.

At Wichita, Kan., Thursday night, Nixon urged Republican party workers to "pour it on all over the country" in these closing days of the campaign. He said the Democrats have "run out of gas" and pictured them as "staggering and stumbling toward the finish line."

A crowd of nearly 10,000 persons — Nixon called it his largest of the campaign — heard him in person. The speech also was televised.

### Stevenson in Chicago

Adlai E. Stevenson, Democratic presidential candidate in 1952 and 1956, appeared at a party rally in Chicago and said a "void left by the failure of White House leadership is being filled by Congress."

Stevenson, preparing to campaign in Minnesota Saturday, said that "whom we send to the House and Senate this year will have an unusually heavy influence on the course of American policy during the next two critical years."

Meanwhile the heads of the Republican and Democratic national committees swapped jabs on civil rights — an issue that bulks large in some Northern areas where the Negro vote could be a big factor.

## Firm, Executives Face Indictments

ERIE, Pa. (AP) — A federal grand jury has indicted the nearby North East Sunshine Packing Corp. and two of its executives on charges of violating the U.S. Food and Drug Act.

Named in the indictment Wednesday were Fred L. Rahal, president of the firm, and Andrew Kershaw, vice president.

Government investigators charged the company shipped contaminated fruit in interstate commerce.

## Senior Extension Club Plans Events

Plans for a number of activities were outlined Thursday evening at a meeting of the Adams County Senior Extension Club at the Bonneauville Fire Hall.

President Carroll Spence presided with 48 present. Among activities planned were a bowling match Saturday night at 7 o'clock at the Hagerman's Bowling alleys; November 8, bowling with Lancaster County Senior Extension at Rocky Springs; November 13, attendance at the 4-H Achievement banquet at the New Oxford Fire Hall; November 20, club meeting; November 21, public square dance; November 22, Adams-Cumberland bowling at 7 p.m. at Hagerman's; November 27, attendance at the Ice Follies at Hershey.

Square dancing and games, followed by refreshments, concluded Thursday's session.

A marriage license was issued today at the court house to Richard Lynn Stouch, Gettysburg, R. 1, and Johneta Carol Murray, daughter of Mr. and Mrs. John C. Murray, 133 W. Middle St.

## News From Nearby Counties

## FRANKLIN COUNTY

A Franklin-Fulton counties chapter of the American Institute of Banking was created this week at a dinner meeting of approximately 150 employees, officers and directors of 17 banks, held in Harbaugh Hall, Waynesboro.

The chapter plans to sponsor banking education courses for employees and officers of the member banks.

The bulk of George M. Detrich's estate, estimated at upwards of \$140,000, eventually will go to the Chambersburg Hospital according to his will filed at the Franklin County courthouse.

Detrich died October 22 at the age of 84. He formerly operated a grain elevator at Williamson.

## CUMBERLAND COUNTY

The commissioners of East Pennsboro Twp. have offered neighboring communities access to the township's land fill disposal facility, soon to be opened. Other communities will be charged 35 cents per cubic yard of material dumped.

A teener dance, sponsored by the Carlisle Police Athletic League Tuesday night, attracted more than 1,000 youngsters.

The imagination of youth is shown in the costumes of the more than 500 elementary school youngsters who jammed the local Moose lodge ballroom Thursday evening for the annual Youth Honor Day program held by the Moose for the local youngsters. Prizes were awarded for many of the costumes. Following the masquerade party for the young children, a dance was held for the teen-agers. (Times photo)

## Club Holds Its Annual Banquet

Fairfield's entry in the Pen-Mar baseball league held its annual banquet Wednesday evening at "The Ranch" near Shippenburg. In attendance were approximately forty members including players, their wives and friends, and special guests.

A brief informal meeting followed during which Guy Weikert was presented a trophy for his "outstanding work as both manager and pitcher."

The banquet concluded with every member present expressing his "thanks to everyone" who made the 1958 season a success.

was in serious condition Thursday night in the York Hospital after her car ran off Country Club Rd. near York and smashed head-on into a tree. The woman's legs and left arm were broken, and she suffered fractures of facial bones and a possible broken pelvis. The accident occurred shortly before 5 p.m., according to Spring Garden Twp. police.

Orsie O. Sherk, 24, Harrisburg, had a narrow escape early Thursday when her automobile went out of control and rolled over three times, landing on its top, according to state police. She was treated at the York Hospital for lacerations of the face. Police said the woman was driving eastwardly on Whitford Rd., near York, and failed to negotiate a turn.

The Department of Highways has called for bids November 21 to construct a bridge over Beaver Creek, just east of Rossville on the Maytown Rd. A department spokesman said a higher, longer span would be needed because of the backup waters from the dam at the new Gifford Pinchot State Park.

a manure set given by the state committee.

## "Eyes Of Nation"

Charles B. Bender, candidate for representative in the General Assembly for Adams County, called on workers to bring national publicity to the county by turning in a Democratic majority. His thought was echoed by John S. Rice, secretary of the commonwealth, who said that, since the county is the home of the President, "the eyes of the nation are on Adams County."

Rice cautioned, "It can't be done by wishing, it can be done only by your getting the voters to the polls."

Republican charges that a Democratic victory will mean a wage tax were labeled by Rice as "absurd." He said that "although a Democratic House passed a bill for such a tax four years ago, the fact that since then 562 local communities have levied wage taxes makes it impossible for the state to add a wage tax to the already existing sales tax."

## SNIDER FUNERAL

Funeral services for Miss M. Ruth Snider, Harney, who died Monday, were held Thursday in St. Paul's Lutheran Church, Harney, with her pastor, the Rev. Charles E. Held, officiating. Burial in the church cemetery. Graveside services were conducted by Elmer Shildt, former member of her Sunday School class and one of the honorary pallbearers. Others were Edgar Fink, Lake Ridinger, Edward Morelock, Ernest Fream, George Hoffman, Guy Sterner, Willis Sterner, David Yealey and Lynn Strickhouser. Pallbearers were Charles Shildt, Nevin Ridinger, Estee Kiser, Elmer Legore, William Hoffman and Harvey Wantz.

The gathering overflowed the seating capacity of the courtroom and was said to be the best turnout the party has had for such a meeting in Adams County. Klunk said that the roll call revealed 100 per cent attendance on the part of the county committee.

Vote For

**JAMES M. QUIGLEY**  
For Congress

of the 19th District

Republicans blame this shameful failure to pass any conscience legislation on the Democrats. If they are talking about the Democratic controlled House Labor Committee, they are right.

Democrats blame it on the Republicans. If they are talking about the only showdown the House had at this session on General Labor Reform, they are right. One hundred and forty-nine Democrats and 41 Republicans voted for the bill; 61 Democrats and 137 Republicans voted against it.

Central Pennsylvanians should take note that every one of the five Republican Congressmen who represent the 19 counties ringing Harrisburg voted against the Kennedy-Ives Bill — Representatives STAUFFER OF YORK, Mumma of Harrisburg, Fenton of Mahanoy County, Simpson of Yorkingdon, and Dague of Downingtown.

Let them explain their stand to their constituents. The showdown was not on the kind of Labor Reform Bill they wanted versus an alternative. The showdown was on whether there would be any labor union reform. They voted "NO."

And was the Kennedy-Ives Bill such a terrible or inadequate thing? Two Pennsylvania Senators as far apart as the poles, Liberal Democrat Joseph S. Clark and Conservative Republican Edward Martin, didn't think so. They voted for it when it passed the Senate, 88 to 1. We need James Quigley to represent the 21st District.

## LESS HEART ILLNESS FOUND IN FARMERS

By FRANK CAREY  
Associated Press Science Writer  
ST. LOUIS (AP)—Farmers appear to have much less risk of developing severe forms of coronary heart disease than nonfarmers as a group, a government report says.

A team of U.S. Public Health Service researchers said this was one of the preliminary findings of a survey on this disease conducted in six counties of northeastern North Dakota.

The team, headed by Dr. William Zukel of the National Heart Institute, told the 86th annual meeting of the American Public Health Assn. this story:

Among 20,000 males 35 and over

in the area's population, including about 10,520 farmers and 9,310 men in other occupations, there were 228 reported cases of coronary heart disease during the year of the study.

Of the 228 cases, 101 occurred among farmers and 127 in males of other occupations.

The reported incidence of milder manifestations of the disease—such as angina pectoris—was not much different for farmers when compared with nonfarmers.

However, the occurrence of the more severe manifestations—such as myocardial infarction ("heart attack") and death—was twice as high among the other occupational groups than it was among the farmers.

The doctors offered no views. They merely said, "The reason for this difference deserves more intensive study."

A ready-to-cook duckling weight between four and five pounds will serve four persons nicely.

## Three Armed Fugitives And Friend Are Captured

HARRISBURG (AP)—Two city policemen captured three armed escapees from the Rockview State Penitentiary and a companion at a downtown intersection Thursday night.

Officers Kenneth Barbush and Charles Despot approached the four with drawn pistols after recognizing their car as one described in a police radio alert. The fugitives surrendered without resistance.

All four men were turned over to state police for questioning about two armed robberies Thursday in the Harrisburg area.

**Three Fugitives**  
The prisoners were Dallas R. Gustafson, 20, of Philadelphia, sentenced for larceny, assault and battery, and rape among other charges; William C. Ritchey, 28, sentenced from Clarion County for violating his parole on a term for burglary and larceny; and Kenneth J. Wagner, 27, Allegheny County, sentenced for armed robbery and receiving stolen goods.

The man arrested with the prisoners for questioning was Frank Grippo, 26, formerly of Pittsburgh, now living in nearby Middletown. The robbery of a service station at Dauphin, five miles north of here, early Thursday by three armed men helped police pick up the trail of the convicts.

**Grocer Is Robbed**  
Then four men robbed a grocery store in Hummelstown, near Harrisburg, Thursday afternoon.

The prisoners had nearly \$385 on them at the time of their arrest, police said. The car also was reported to have contained a .22 caliber rifle and other items taken Wednesday night from the home of Morris Witmer, Bellefonte R. D. 1.

**ELI HAD TOP STREAK**

NEW HAVEN, Conn. (AP)—Yale has compiled the longest football winning streak in Ivy League history. The Elis won 37 games without a defeat between 1887 and 1889. Between 1894 and 1896 Penn won 34 games without a defeat. Harvard and Princeton have spun 24-game skeins. Dartmouth twice won 22 straight while Cornell went 26 games without a setback between 1921 and 1924.

**Taneytown**

Elaine Welty of Taneytown High School took part in a panel discussion, "Making The Best of My Senior Year," at the Senior Day Assembly for all Carroll County seniors Thursday morning at Westminster Senior High School, Donald Barnes, Mt. Airy, was the moderator.

Group singing, under the direction of Herbert Sell, followed the panel discussion. The accompanist was Louise E. Kane. The North Carroll sextet, accompanied by Miss Bonnie Reed, sang several selections and Vivian Thomas, of Robert Moton High School, sang a solo, "It Is No Secret What God Can Do."

Rebecca Wilhide, Myra Lieb, Joanne Newcomer, Patricia Lambert, Elaine Welty and Mary Wilhide, all seniors of Taneytown High School, visited Towson State Teachers College recently to become familiar with the various courses offered and the manner in which the college operates. They were accompanied by Mrs. Urith Shipley, sponsor of PTA, and Mrs. Frederick Lieb, a parent. The trip is an annual event.

## Brownies Fly Up In Taneytown

Brownie Troop 588, Taneytown, held a fly-up ceremony recently at Trinity Lutheran Church. The leaders, Mrs. Onedia Shiles and Mrs. Helen Laird, presented the girls and pinned Brownie wings on each.

Brownies flying up were: Linda Clem, Patricia Feaser, Eleanor Haines, Susan Jennings, Connie Jean Nusbbaum and Miriam Reindollar.

As each girl passed over the fly-up bridge, Mrs. Jean Harmon and Mrs. Jo Ann Hess, leaders of Troop 1202, with their troop welcomed each girl. After the girls repeated their Girl Scout Promise and Laws, they received their Girl Scout pins and world pins.

The audience stood and joined the girls in singing the Girl Scout hymn. The investiture closed with the daylight taps.

Refreshments were served by members of Troop 1202.

## TV'S CHANGE FOR ROMANCE RATES 'AWFUL'

By CHARLES MERCER

NEW YORK (AP)—To my mind Chance for Romance (ABC-TV, weekdays) is an absolutely awful show in which various people, for unfathomable reasons, parade their private lives before the public on the chance of finding romance with another lonely mortal.

The candidates for this program are carefully selected from applicants by a board composed of three Ph.D.'s, a psychologist, a sociologist and a marriage counselor. On the theory that there just might be two sides to everything—even a Chance for Romance—I sat down the other day with the program's psychologist, Dr. Helen Hall Jennings of Brooklyn College.

Following are excerpts from our dialogue, with Dr. Jennings naturally "pro" the program, and me—perhaps unaturally—"con"; it:

**"Frightful Exhibitionist"**

Pro: "The program is absolutely honest. It seeks only mature people and it abides absolutely by the conclusions of the board as to who is mature and therefore acceptable to appear."

Con: "To appear on this program you would have to be a frightful exhibitionist. Can an ex-

bitionist be called mature?"

Pro: "You're mistaken when you say that one must be an exhibitionist to appear on the program. The board has rejected any one with exhibitionist tendencies."

**Would Appear**

Con: "It seems to me that everybody, in the course of living, meets many people and goes through a natural process of selecting friends and your marriage partner. I don't see why any person would want a third party organizing his relationship for him while several million people watch for the vicarious thrill of it. Would you appear as a candidate on this program, Dr. Jennings?"

Pro: "Yes, I would because I believe in mental health. I consider the program a public service. Singleness is often due to a

lack of opportunity of meeting others. A mature adult doesn't spend his time running around looking for someone who will be a friend or marriage partner."

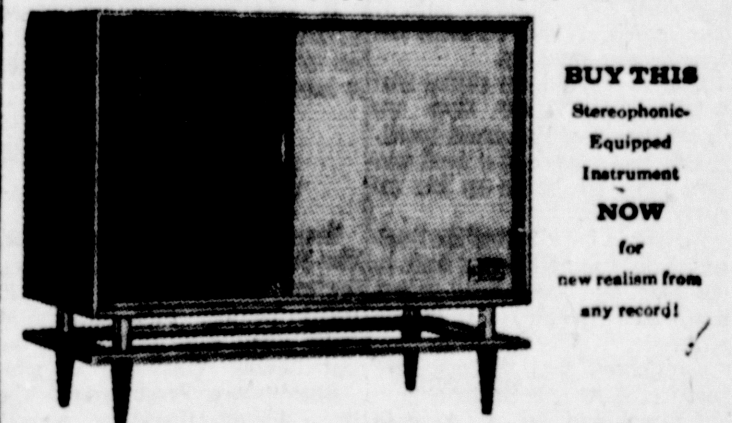

Con: "I'm beginning to find the word 'mature' rather irritating. I don't know what it means, just as you say you aren't sure what the word 'normal' means, but I do believe that if mature adults hadn't spent plenty of time running around looking for friends and marriage partners for the past several thousand years the human race would now be extinct."

Gunmakers in Great Britain, once regarded as artists by grouse hunters and other sportsmen, almost disappeared after World War II. They found they could make larger salaries in precision industry.

## Tells How Rescue Crew Found 12 Trapped Miners

Editor's Note: Here is Earl Wood's story of how the rescue crew of which he was a member found 12 men alive in the Cumberland mine. Wood, 48, has worked in the mines for 31 years.

**By EARL WOOD**  
(As Told To The Canadian Press)  
SPRINGHILL, N.S. (AP)—I was working away in a shaft leading from the main slope, digging in a solid wall of coal, when all at once the coal became very loose and with a roar a cloud of dust and hot air blew into my face.

This was about 11 o'clock Wednesday morning and we sat there half an hour or so waiting for the dust to settle. We were hopeful because we felt sure we had reached the opening we were hunting for. There was some gas and it was terribly dusty.

I went back again with two of the officials. We had high hopes that there might be a hole big enough for a man to crawl through.

**Hear Someone Speak**  
All we saw was a stump of six-inch steel compressed-air pipe. It was broken off and we could not hear or see anything.

After we had been sitting and watching for some time we thought we heard someone speak. It was just a piece of a word and very faint but it hit us like an electric shock.

We looked back toward the loader, which was on the way back to the slope, and found about 40 feet away that the pipe was broken off.

We figured that the voice we heard must have been someone in the tunnel and we sat down to wait.

**Great Thrill**  
About 2 o'clock the superintendent and the engineer decided to check the air. Blair Phillips, the engineer, took his testing bottle and went to check the air coming from the pipe I had uncovered.

I guess the reflection of the bottle must have sent light into the

hole because the next words I heard I will remember all the days of my life:

"We are alive in here — How about some water?"

It was a great thrill and we all laughed and cried and hollered at the same time. I don't really remember what was said for the next few minutes but I can tell you we were whooping it up for a minute or two.

**Beyond Miracle**  
Two of the fellows with me—Arnold Reese and George Hodges — had a brother-in-law, Harold Brine, in there so we let them do most of the talking. They told us they were in pretty good shape although Joe MacDonald had a broken leg.

They still had time for jokes and when Scott (first name unavailable) a Scotchman with a burr to match, yelled to them, somebody from inside told him to take the marbles out of his mouth and talk English.

There were lots of other jokes but it might be better if I didn't tell them—They were good pit talk.

It was something we never dreamed could happen. I had given up all hope. It was far beyond a miracle.

## DR. BOEHM IS SPEAKER FOR PA. DIRECTORS

**By BOB HOLTON**

HARRISBURG (AP)—The head of Pennsylvania's public school system today forecast a major increase during the next five years in the number of language courses available for elementary and high school pupils in the state.

Dr. Charles H. Boehm, superintendent of public instruction, told some 1,500 delegates to the State School Directors Assn. that he expects to see foreign language offerings greatly increased within the next five years.

At the same time Dr. Boehm reminded the school directors that the "average high school student of the future will be studying in

## 8TH STUDENT IS ARRAIGNED

ANN ARBOR, Mich. (A)—The eighth student allegedly involved in a campus football gambling racket will be arraigned today before Municipal Judge Francis L. O'Brien.

Latest to be charged with engaging in an illegal occupation in the selling of football point-spread gambling cards was David Martin, 19, an Eastern Michigan College sophomore from Detroit.

Police declined to say if there was a tie-in between gambling activities at Eastern Michigan in Ypsilanti, and at the University of Michigan at Ann Arbor, about six miles away.

Even Michigan students, including two varsity athletes, were ordered held for trial next month by Justice O'Brien when they stood mute at their arraignment Wednesday. If convicted, they could be sentenced to 90 days in jail and fined \$100.

Norsemen (Norsemen and Vikings) settled in Iceland in 874.

five years what today's student covers in six years."

**Ask More State Funds**  
"The senior, then, will be on a level with today's first year college student," he predicted.

Dr. Boehm's address followed business sessions of the association's annual convention Thursday at which the delegates agreed to petition the 1959 General Assembly for increases in state reimbursements for school building and teaching instruction.

The group's legislative committee agreed to press the Legislature for a boost in the state reimbursement for teaching.

**No Figures Set**  
But the delegates avoided specifying a figure on the advice of John Hertz, associate executive secretary, who said that figure should be set after study findings on the subject are complete.

"We know that \$5,800 is not realistic but until we receive more data from a study under way, we would be better to omit a specific figure," he told the group.

Under present law each district is given \$5.80 for each teaching unit which comprises either 22 secondary or 30 primary pupils.

**Urge Utility Tax**  
The proposition as adopted calls for an increase "to an amount comparable to the median cost of educating a unit of pupils."

Several delegates suggested the figure be raised to \$8,000 or \$9,000.

After considerable discussion, a recommendation that the association back legislation that would subject utilities to real estate taxes for the support of public schools, was adopted.

The committee also approved association backing of legislation that would:

**Their Lobby Goal**  
1. Provide for the appointment on a staggered-term basis of members of the State Council of Education to avoid the possibility of any administration changing the political complexion of the board.

2. Make housing and other authorities subject to real estate taxes for the support of public schools.

3. Provide for a uniform ratio of assessed valuation to market values.

4. Change the state reimbursement for a school nurse from a unit comprised of 1,500 pupils to 1,000 pupils.

Under the association rules, the adopted legislative blueprint became the plan of action the group will take in lobbying for legislation in the General Assembly which returns to Harrisburg in January.

The convention will close Saturday after the election of officers.

## TRY AGAIN TO FORCE REDS IN U. S. TO ENROLL

WASHINGTON (AP)—The Subversive Activities Board has started work on its third report in an eight-year-old proceeding to require the U.S. Communist party to register as a tool of Moscow.

In its two previous reports, the board branded the party as Moscow tool. Each time the courts sent the case back to the board for further proceedings.

Officials of the board said today all the preliminaries to the preparation of the third report were cleared away last week when the board heard arguments of opposing counsel.

**Urged To Stand Pat**  
The arguments centered on a recommendation Sept. 22 by Francis A. Cherry, a board member, who conducted the most recent hearings in the long drawn out case. Cherry urged the board to stand pat on its earlier findings against the party.

The Pentagon disclosed, meanwhile, that Annie Lee Moss, who got into the SACB proceedings sort of by the side door and became a major issue, still retains her job as a low-rank clerk in the Army finance office.

## Taneytown M. S. OHLER IS ELECTED C. OF C. HEAD

Merle S. Ohler was elected president of the Taneytown Chamber of Commerce as the organization met Monday in the firemen's building. Others elected were Raymond J. Perry, first vice president; Carroll Wanz, second vice president; Robert

a 1954 investigation by the late Sen. Joe McCarthy.

**Labeled Communist**  
Mrs. Mary Stalcup Markland, long an FBI informant within the Communist party, testified she had known Annie Lee Moss as an active Communist. Mrs. Moss, a Negro, said it was a case of mistaken identity. Mrs. Moss, who had worked in the Pentagon code room, eventually was restored to her civil service job by Secretary of Defense Wilson but was transferred to a job classified as non-sensitive. Wilson said there was "certain derogatory information" concerning Mrs. Moss before 1946 but the record of her case did not support a conclusion she was subversive or disloyal.

President Ohler suggested that the Chamber incorporate a provision in the bylaws to provide for three additional directors to be elected or appointed in addition to the regularly elected officers. It was decided that this suggestion be studied by the executive committee and a report of their findings and recommendations be made at the next meeting.

It was reported that one county dump site has been established at Bark Hill and is now available for use by the public.

Ohler reported that plans are now complete for the annual banquet which will be held Tuesday evening, November 18, at 6:30 p.m. in the Taneytown High School.

**Road Report**  
Arch Carpenter, reporting for the road committee, noted progress on the Harney Rd. He stated that, barring unforeseen difficulties, the road should be completed to the Jim Lord line before bad weather sets in.

Sam Breath, industrial committee chairman, welcomed the Taney Supply and Lumber Corp. to the community.

Dr. Robert Fitts was accepted into membership in the Chamber. The next regular meeting of the Chamber will be held in the firemen's building at 7:30 p.m. Monday, November 24.

## LOS ANGELES ALARMED BY RADIATION

ATOMIC TEST SITE, Nev. (AP)—An era of nuclear weapons testing ended at midnight.

And in its wake: renewed furor over the dangers of radioactive fallout.

President Eisenhower's one-year suspension of tests went into effect today. Talks between the United States, Britain and the Soviet Union will determine whether it lasts longer.

The last atomic shot went off in a mountainside tunnel with an earth-jolting shock. It was as big as the atomic bombs which destroyed Japanese cities in World War II. It lofted a 500-foot-wide column of rock and dirt 1,000 feet above the mountain top. Huge boulders crashed down the slopes.

**Winds Balk Shot**  
Atomic Energy Commission scientists kept trying to set off another weapon right up until the midnight deadline. A blast was to have gone off under a balloon at 1,500 feet altitude. But high winds balked the effort.

Alarmed by a spurt in radioactivity over Los Angeles, Mayor Norris Poulson tried to get the AEC to call off the shot that never materialized.

He phoned the AEC in Washington and complained to Commissioner W. F. Libby that wind was blowing fallout from Nevada tests over his city.

Libby said the amount of radioactivity over Los Angeles was not hazardous. Measurements by the Los Angeles City Health Department showed that the amount of radioactivity in the air was 20 per cent above the level considered safe for human consumption over a period of months.

An immediate flurry of excitement, apprehension and anger followed.

The uproar was subsiding today under a barrage of reassuring statements.

An AEC spokesman at the Nevada testing site said radioactivity in the Los Angeles air will dissipate quickly. He said the amount

**AIR CZAR**—Elwood R. (Pete) Quesada, 54, a retired U. S. Air Force general, was chosen by President Eisenhower to head the new Federal Aviation Agency. It will make and enforce safety rules for all types of flying.

OTTAWA (AP)—William Anderson, 65, the only person seriously injured in the big midtown explosion in Ottawa last weekend, died Wednesday night of burns. He was the janitor in the Addressograph-Multigraph of Canada Building, which blew up, leveling buildings on either side.

JAKARTA (AP)—Gen. Maxwell D. Taylor arrived in Jakarta Thursday for a two-day visit. Taylor, U. S. Army chief of staff, is visiting Pacific countries.

HARRISBURG (AP)—State selective service headquarters has fixed Pennsylvania's draft call for December at 750 men.

was equal only to the exposure a person would experience under normal circumstances over two months.

Los Angeles' city health officer, Dr. George M. Uhl, said: "There is no cause for public alarm at this time."

## M'SPARREN IS RE-ELECTED BY STATE GRANGE

CLEARFIELD, Pa. (AP)—The Pennsylvania State Grange has re-elected J. Collins McSparran of Ruma, R. 1, Lancaster County, master of the organization.

Also re-elected Thursday night at the closing session of the group's 36th annual convention were O. W. Rittenhouse of Harrisburg, secretary, and Philip Price of West Chester, treasurer.

The grange also adopted resolutions voicing opposition to any increase in rate or payments of Social Security and a minimum wage and hour act that would include farm labor.

It said that a minimum wage and hour act that would include farm labor would work a hardship on most farmers due to agriculture's long, irregular hours.

**Other Views**  
In other resolutions, the grange pointed out that present laws prevent most farmers from receiving unemployment compensation and took a stand against annexation of property when carried out by a minority of voters.

The convention also urged that an authority should not be exempt from paying taxes when it enters community which it does not serve or benefit.

Delegates voted to ask Congress to enact legislation outlawing com-

## Politics

ST. MARYS, Pa. (AP)—Arthur T. McGonigle, Republican candidate for governor, today pledged to organize what he called a "council of war" to cope with the problem of juvenile crime and teen-aged gangsters.

"As governor, I shall summon a council of qualified experts to consider such matters as a revision of the criminal code, tightening of pardon and parole procedures, raising the age requirement for a driver's license, and modernization of our correctional institutions," he said in remarks prepared for a campaign tour through Elk County.

"Young savages roaming the streets have turned some Philadelphia neighborhoods into a jungle," McGonigle said. "They spare no one in their murderous assaults, with guns, knives and iron bars."

He said many police officers had complained that they arrest the same offenders over and over again, only to see them turned loose by judges and pardon and parole authorities.

"There must be a dynamic, progressive program to cope with this continuing crisis," the Reading businessman said. "The vicious young criminal must be corralled and detached from the neighborhood he contaminates."

U.S. Rep. Hugh Scott, Republican, urged opposition of unions and urged opposition of unionization of farmers by Teamsters unions.

## 30 Proposed For Nobel Peace Prize

OSLO, Norway (AP)—About 30 candidates have been proposed for the Nobel Peace Prize, Director August Schou of the Norwegian Nobel Institute said Thursday.

Schou said a decision on the award may be held up until the middle of November.

The decision will be delayed because the chairman of the Norwegian five-man Nobel committee, Gunnar Jahn, will go to Moscow with a whaling delegation. He will not return before next week.

### To Resume Talks

PITTSBURGH (AP)—Job security issue talks between Westinghouse Electric Corp. and the International Union of Electrical Workers and the United Electrical Workers will be resumed about the middle of November.

The talks were recessed Thursday after failure to reach agreement on a proposal which Westinghouse claims include savings, loan and retirement programs.

can candidate for U.S. Senate, expressed gratitude for endorsements of his candidacy by newspapers.

"I have received the endorsement of newspapers in every area and in virtually every county," Scott said in an address prepared for a meeting of the Pittsburgh Press Club. "Readership of these newspapers covers more than 855 per cent of our state's population."
